Parsells Conclude 4,000-Mile Trip

Mr. and Mrs. Ray Parsell have returned from a 32 day vacation trip on which they traveled 4,000 miles. With them in Minnesota at the fishing places were their daughters, Mr. and Mrs. Alberts, Ray and Kay of Louisville, and Mr. and Mrs. Striker of Grand Forks, N. D. They visited Lake Itaska Park and while crossing the bridge on the lake, Ray Abers fell into the water, and his joke later was that he fell into the Mississippi river. The marvel is always how the mighty stream has as one of its beginnings this small lake with the stones there for visitors. The Parsells drove to other states, saw the Dakota Bad Lands and in Montana the Fresno Dam among other interesting scenes and they were in Canada too.

The new water and street commissioner is DoLor Swarts.

Mr. and Mrs. John Creamer of Ogallala were recent visitors at the home of his mother, Mrs. Clara Creamer. She has not been feeling so well some of the time of late.

Fire Marshall Speaks To Lions

On Thursday, September 13th the Lions Club of Elmwood met for their regular meeting at the Elms cafe. They had as their guest speaker, Mr. Iverson, state fire marshal of Lincoln and his assistant, Mr. Eckstine. Mr. Iverson gave a very interesting talk on fire prevention and showed moving pictures on this subject, and many of the causes of fire. The Lions invited Scoutmaster Turner and his troop of Scouts for the program, which the club hopes will be a benefit to our younger generation.

Traffic Accident Rate Alarming; August Toll Up

Nebraska's traffic accident record for August reached a note of alarm far ahead of the end of the month. The August traffic death total of 35 for Nebraska for the first 22 days is the highest August toll on record for the State. The record for August for a full month is 34 deaths.

If this trend continues the rest of the year, Nebraska's 1951 traffic death toll may reach a record high. With these facts, many civic leaders ask "Why must this slaughter continue?"

Colonel C. J. Sanders, Nebraska Safety Patrol, stated "The zooming traffic toll is explained in part by heavier travel and increased number of traffic violations. Traffic on most of the state's highways have increased from 3 to 26 per cent. For the past month the Patrol stopped a record high of 10,466 motorists for traffic violations."

The Patrol's records show that of August's 35 traffic deaths, 17 were the result of one-car accidents. The majority of these were on straight level roads and were due to sleep or the driver losing control because of excessive speed.

The remaining 18 of August's fatalities were two-car accidents. Ten of these were head-on collisions—the result of one driver being on the wrong side of the road. Eight were due to intersection accidents.

It won't be long now till we'll be hearing our neighbor taking them down and realizing why they call them storm windows.
