FIRE BALLS

THE SMOKELESS BRIQUET

Clean Fuel as an Aid to Clean Housekeeping

In Fireballs, the coal briquets developed by Old Ben Coal Corporation, you will get a remarkable fuel which provides heat that is clean, smokeless, intense, convenient and economical.

These briquets are ideal for all furnaces, stoves, heaters and fireplaces.

You will like this new type of solid fuel. Scientific "electric eye" tests prove the smokeless quality of Fireballs. This means much to you as a housekeeper. Fireballs cost less. Which means they will be easy on your family budget.

Try Fireballs in your heating unit and you will see the difference in your chimney—and in your pocketbook. Fireballs are clean to handle—clean to burn—in:

- FURNACES STOVES BOILERS
- SPACE HEATERS WATER HEATERS
- FIREPLACES

Make Your Plans TODAY For Building That NEW HOME!

THE BANNOCK shows a separate dining room in front, opening from the end of the living room. In addition there is a large, well lighted area in the kitchen for dining. There are two bedrooms, bath and full basement. The living room has a woodburning fireplace, double glazed picture window and is entered through a vestibule by way of a covered stoop. Circulation is exceptionally good with all rooms being reached from the hall, and the bedrooms isolated from the living area. Closets are well placed and ample, one at each entrance, hall and linen closets and bedroom closets in the bedrooms. Exterior walls are finished with siding and a bank of red brick in front extending from the wide fireplace chimney. Dimensions are 44 feet by 28. Area is 1,136 square feet. Cubage is 22,268.

REVOLEX Flat Finish

Emulsified Resin — Thins With Water

Just add plain water to this finish—and it's ready to use! No turpentine, benzine or other expensive thinners or solvents needed.

NOT CALCIMINE! NOT CASEIN! This finish has an oil base and after the original water base has evaporated from it, it is washable like any standard oil paint.

EASY TO APPLY! This finish may be applied with a wide or "Dutch" wall brush.

One coat will cover old paint, bare plaster, canvas, brick, and even wall-paper.
