

### Todd Qualifies For State Track And Field Meet

Each of the five cindermen entered in the district qualifying meet at Crete on Saturday placed in their specialties, but only one of the five qualified for the state meet.

Qualifying was Jack Todd, senior sprinter, who placed second in the 120-yard low hurdles, and was third in the broad jump. Todd qualified in both events.

But the five entrants, including two freshmen, rang up 14 points and wound up in fifth place in the meet capped by host team, Crete.

Crete captured first place with 69 2-3 points, Lincoln Teachers was second with 63, Hebron had 23 1-3, Auburn was fourth with 19 and Plattsmouth fifth with 14. Back of Plattsmouth were Superior, Geneva, Tecumseh, Pawnee City and Concordia of Seward.

Todd skipped the low hurdles in 23 seconds flat, eight-tenths of a second slower than winner Jim Clarke of Crete. His third place jump in the broad jump was 18 feet 4 3-4 inches, far under his best effort of the season.

Several other Plattsmouth entries just missed qualifying for the state meet. Freshman John England ran a 5:09.5 mile and was just a step out of third place. His fourth place wasn't good enough to qualify, however.

George Born turned in his best time of the season in the half-mile but he too, was just short of qualifying. Although in fifth place with his 2:10 timing, Born was only about two yards out of second place. Second, third, fourth and fifth place runners were bunched closely together.

Stanley Cole placed just out of the money in the high jump and broad jump. The sandy-haired senior soared 5 feet 6 inches in the high jump but missed at one inch higher and had to settle for a fourth and fifth place tie. Cole also tied for fourth and fifth in the broad jump at 17 feet 11 inches, two feet under his usual distance. He was 6 inches short of Todd's third place mark.

Jim Graves, another freshman, was the other entry in the meet. Graves placed fifth behind Todd in the 120-low hurdles.

Todd will enter the state track and field meet at the University of Nebraska in Lincoln on Friday and Saturday.

Todd will enter the state track and field meet at the University of Nebraska in Lincoln on Friday and Saturday.

### Alvo Takes Class D District Track And Field Crown

Alvo continued its dominance in Class D athletics Friday by taking the Class D district qualifying track and field meet at Nebraska City.

A "scrapped together" mile relay team, which finished fourth, enabled the Orioles to edge Table Rock 45-6 to 45. Nehawka finished 9th with eight points, Elmwood was 10th with 4 1/2 points, while Avoca failed to score.

In taking the district meet, Alvo won the 880 relay with Junior Weichel, Roger Kinney, Bill Meyers and Dick Prinitz running the legs. Larrie Bell of Alvo copped the shot with a heave of 43 feet one-half inch.

Directors Okay Tentative Korn Karnival Plans

(Continued from Page 1)

ities, which differs considerably from past years.

As outlined by the group, the Korn Palace will be moved to 5th street, while the livestock shows will be held on 4th street. The livestock show this year will also include 4-H swine entries as well as calves. The group voted overwhelmingly to conduct a livestock sale, first of which was held so successfully a year ago.

Directors also hiked parade prize money to "encourage competition." Prizes as approved by the group are \$30, first prize; \$20, second prize; and \$10, third prize. Entry payments will remain about the same. Prizes will be the same for all three parades.

President Young disclosed that a series of booster trips will be held for the several weeks just preceding the Karnival. Hoping to increase memberships in the Korn Klub, which reached a new high last year, the booster trips will be held weekly throughout the county. Membership buttons, with a distinctive design, will again be given to members.

Attending the Friday night meeting were Chris Bullin, Hogan Trammell, Richard Young, Mrs. Dorothy Janecek, Orville Nielsen, Don Born, Herman Meisinger, Mrs. Edna Taylor, Frank Bieri and Henry Vinduska.

All-Time Flying Safety Record Set

The Strategic Air Command has set an all-time flying safety record during the first eight months of its Flying Safety Year campaign.

An estimated 71 aircraft accidents have been prevented by reducing the SAC accident rate during this period of the intensive year-long accident prevention campaign, compared to the same period a year ago, Col. Frank W. Ellis, Chief of the Flying Safety Division, reported Wednesday.

"This marked reduction," Colonel Ellis pointed out, "was accomplished despite a 55 per cent increase in flying time."

The SAC Flying Safety Year campaign was launched last September by Gen. Curtis E. LeMay, outgoing SAC commander, recently appointed USAF Vice Chief of Staff.

### Blue Devils To Test Glenwood Baseball Team

Plattsmouth and Glenwood will meet this afternoon in another of the inter-state rivalries. Coach Merle Stewart received confirmation of the game this morning.

Scheduled several weeks ago, the game was threatened with postponement, if Plattsmouth had won its first round in the district baseball playoff.

But since the Blue Devils were eliminated by David City 8-0, plans were resumed to complete the game as scheduled.

Jon Schuetz and Howard Eaton will carry Plattsmouth hopes in the game. The two are expected to share mound chores, and Schuetz will again be counted on for his timely hitting.

The starting lineup will probably have Stanley Cole, short stop; Lyle Wood, second base; Tom Conis, first base; Gerald Wood, catcher; Schuetz, third base or pitcher; Eaton, pitcher or outfield; and Don Bockoc, John Blotzer, Bob Richter or Marion Tritsch, outfield.

One-Man Track Team Shows Well

Murdock's one-man track team scored 9 1/2 points in the Class D district meet at Omaha Saturday to place sixth in the 14-team meet.

Albert Thiel registered all of the team's points as he placed in four events.

Thiel ran third in the 440 yard dash, finished second in the 220, was fifth in the broad jump with a leap of 18 feet 2 1/2 inches, and tied for third in the high jump at 5 feet three inches.

Butler To Pick Academy Choices From Exams

Senator Hugh Butler has announced that the Civil Service Commission will conduct an examination on Monday, July 14 of this year, for any young man interested in competing for one of Senator Butler's appointments to the United States Naval or Military Academies at Annapolis and West Point for entrance in 1953.

The Senator said he has the right to make one appointment to Annapolis and two to West Point next year. These appointments, he said, will be made on the basis of the grades received in the examination conducted by the Civil Service Commission which will be held at a number of points throughout the state.

Young men interested should write to Senator Hugh Butler, Room 125, Senate Office Building, in Washington, D. C., expressing their desire to take the examination. They will then be furnished with an authorization to compete, and with the necessary information as to when and where to report for the exam.

The senator asked that all applications be in his office by May 30.

SAC Receives Safety Award

Strategic Air Command has been awarded the National Safety Council's highest safety award, the "Award of Honor."

In a brief ceremony Thursday, Maj. Gen. Thomas S. Power, deputy SAC commander who received the bronze plaque from the National Safety Council, presented it to Col. Austin J. Russell, SAC's director of personnel, in charge of the Command's Ground Safety program.

This award acknowledges an outstanding ground safety performance during 1951.

Selection of SAC to receive this honor was based on the command's reduction in ground accident experience during 1951, compared with accident experiences in 1949-50.

### \$25 Million Plant Will Be Built Near Plattsmouth

(Continued from Page One) its South Point, Ohio, nitrogen plant.

Announcement of the company's plans to build here was greeted enthusiastically, and activities are already underway to provide additional facilities here to accommodate the anticipated increase in employment, housing and business.

During the plant building period, estimated at from 18 months to two years, employment of laborers and construction workers is expected to be heavy.

Location of the Allied Chemical plant here is also expected to bring other industries into the area. In addition to fertilizers, other nitrogen products will come from the plant. Nitrogen can be used for explosives, synthetic fibers, plastics, pulp and paper products and metal treating. Plants for producing the other by-products are expected to follow the plant here. Additional chemical firms are also expected to follow.
