Bigger Yields Through Better Cultivation

Cultivating early and often increases crop yields. And more cultivating would be done if farmers could spend less time and energy changing implements. The . . .

DEARBORN

Rigid Shank CULTIVATOR

saves time and does a fast, clean job besides. Can be attached to the Ford Tractor, or detached, in 60 seconds! Ford Tractor accurate automotive steering and Duo-Servo type brakes permit close cultivating—short, easy turns. Ford Tractor Hydraulic Touch Control lifts the cultivator for turning and for backing easily into point rows.

Let us show you the features of this high quality cultivator. We are headquarters for Ford Tractors, Dearborn Implements, parts and service.
