CHOPPED GRASS YIELDS MORE SPUDS? — Not satisfied with a three-year rotation of grain, alfalfa and potatoes because the preceding crop was hard to plow under, F. H. Krause of Germansville, Pa., decided that a shredder was what he needed. He went to a manufacturer in New Holland, Pa., and bought the machine, above, which was intended for mowing and chopping grass for silage. Rather than blow the chopped grass into a wagon Krause puts it back on the field as "green manure." He says it will increase potato production.

Sister Attends Home Economics Association Meet

Miss Allegra Wilkens, sister of Mrs. Nelson Berger, attended the meeting of the American Home Economics association at Atlantic City, New Jersey, from June 24 to June 28.

Several Injured In Accident Near Nehawka Recently

An accident Wednesday morning was the cause of injuries to Mr. and Mrs. Richard Slater and infant son and Mr. Slater's brother and sister, Jerry and Marlene Slater, all of Boone, Iowa. They were on their way to visit Mr. and Mrs. Elmer Stoll, uncle and aunt of Mrs. Slater. Four miles north of Nehawka on the Red Ball highway, Mrs. Slater stepped on the brake, the car skidded in the gravel, Mrs. Slater's foot slipped from the brake onto the accelerator and the car lunged across the road, went over a 15 foot embankment and landed in the creek. They were taken to Dr. Anderson's office where Marlene was treated for gashes on the head. Mr. Slater was X-rayed at St. Mary's hospital. His shoulder was badly sprained. Other occupants of the car were bruised and scratched. The heaviest damage to the car was from the water.

Cass County Extension Notes LESSON LEARNED IN 4-H PAYS OFF

Its another story of success, which are easy to find. In this case it's not the glamour of a purple ribbon calf or pig, but instead a job of soil conservation work accomplished by a 18-year-old high school boy, a tractor, and a mold board plow. It's a story worthy of mention, Tommy Livingston of Louisville, son of Mr. and Mrs. Richard Livingston built several hundred feet of field terraces unassisted in the spring of 1952 after school. The only thing that worried Tommy was that corn planting might be delayed. But they were built in time and approved by the critical eye of the SCS boys. June 21, after a heavy rain shower the night before, found Tommy out checking the ter-

EXPLOSIVES EXPERT DIES IN BLAST

Pasadena, Calif. — John W. Parsons, 31, an explosives authority, who helped found the California Institute of Technology jet-propulsion laboratory, was killed when a blast ripped apart his private laboratory, apparently when he accidentally dropped some bottled explosives. His grieving mother died four hours later, from an overdose of sleeping pills.

FARM TRACTOR FIELD DAY SLATED HERE

A farm tractor field day is slated at the University of Nebraska Agricultural College, on June 24. Lloyd W. Harbut, chairman of the University's agricultural engineering department, said the program will follow a tractor testing short course on July 23. The field day program will include observations of tractor testing in action at the only laboratory of its kind in the world. Farmers will see practical demonstrations of how to set carburetors for getting the best fuel economy and getting maximum horsepower. They will also see the testing equipment in operation. — Clarence Schmadeke, County Extension Agent.

FREEZING GOOSEBERRIES

Whole gooseberries may be frozen with syrup or without sweetening. It is the berries are to be used in pie or preserves, the unsweetened is better.

Choose fully ripe berries if freezing for pie-berries a little underripe for jelly making. Sort, remove stems and blossom ends, and wash.

PACK INTO CONTAINERS WITHOUT SUGAR, OR COVER WITH 50% SYRUP. LEAVE SPACE. SEAL AND FREEZE.

FREEZING BEANS, SNAP, GREEN OR WAX

Select young, tender, stringless beans that snap when broken. Wash thoroughly, then remove ends.

Cut in 1 or 2 inch pieces, or slice lengthwise into strips for frenched (julienne style) snap beans.

Heat in boiling water for 3 minutes. Chill promptly in cold water.
