Program Marks End of Bible School

Vacation Bible School closed last Friday. On Sunday evening a program was presented to a nice sized audience, in spite of the heat. The attendance had been fine. Total enrollment was forty-four, with an average attendance first week of 40 and the second week 34. Total average attendance for the two weeks was 7. Twenty-one pupils had perfect attendance, and more would have been on that list, but chickenpox moved in and kept some at home.

Teachers were Mrs. Russell Easter, Mrs. William Orndorff, Mrs. Gerry Paasch and Mrs. Todd. Helpers were Mrs. Randall Faris, Miss Eleanor Easter, Valda Attebery and Miss Doris Ehlers. The teachers thank everyone who assisted in any way to making our Vacation Bible School a success.

Mr. and Mrs. James Fraus of Kansas City, spent Saturday in Omaha visiting parents of Mrs. Fraus. On Sunday they were dinner guests of Mr. and Mrs. Ray Fraus. They returned to Kansas City on Sunday evening. Mr. and Mrs. Laukheit of Omaha, are spending the week with Mr. and Mrs. C. E. Morris. Mrs. Laukheit and Mrs. Morris are sisters. On Sunday the Morris's and Laukheit's were dinner guests of Mr. and Mrs. Bernard Morris at Omaha.

NO BALANCED BUDGET. The Eisenhower Administration has come to the reluctant conclusion that there is no hope of balancing the Federal budget in the new fiscal year which begins on July 1. Expenditures for national defense and for foreign military and economic aid are the key factors which prevent a balanced budget this year.

It costs more to keep weeds than it does to kill them. One easy way to control weeds in your pasture is to clip the pasture 3 or 4 times a year with a tractor mower.

Cows drink 3 1/2 to 5 1/2 pounds of water for every pound of milk they yield. The average cow will drink from 12 to 15 gallons of water daily and often will produce 10 per cent more milk if they can get this much good water when they want it.

Plattsmouth Air Victim in Civil Defense Test

Simulated, low level attack bombers covered Plattsmouth and other Cass county towns Sunday when the South Omaha CAP squadron furnished four planes to cooperate with Ground Observer Corp activity. Two formations of two planes each made the attacks.

In addition to Plattsmouth, similar attacks were made at Bartlett and Rock Bluffs, Ia., Weeping Water, Greenwood, Waverly, Ashland, Springfield, Gretna and Papillion.

Comments from pilots flying the station were that the ground observer corps at the various towns were apparently well hidden as none could be observed from the air.

The flights were made at 500 feet altitude. Pilots recorded the time of crossing village or city limits in each instance and the information was forwarded to CAP personnel cooperating with the Civil Defense, according to Lt. W. H. Phelps, CAP commanding officer.
