Friends and neighbors of Mr. and Mrs. Richard Sack at My-nard gave a coin shower for the young couple on Sunday evening, June 21 at the My-nard Community Hall.

At a program Carolyn Vinduska played several numbers on the piano-acordian. Four men, Herman Meisinger, Art Toman, Art Welenkamp and Henry Vinduska and four women, Mrs. Ot-te Lutz, Mrs. A.M. Toman, Mrs. Reuel Sack and Mrs. C. L. Wiles were selected for a dressing contest.

Teamed in pairs, the men selected articles of apparel from a table collection and dressed their partners in bridal attire. By applause, Henry Vinduska and Mrs. C. L. Wiles were named winners.

Pictures that he and his buddies had taken in Europe were shown by Mr. Sack along with comments on the pictures.

Concluding activities, Richard

Cole gave a resume of Mr. Sack's life. Born and reared a mile west of My-nard, he attended Little Brick and Plattsmouth high school and the Ag College at Lincoln. Always interested in farming, he selected that as his occupation. As a 4-H club member he raised beef calves but now is specializing in Duroc hogs.

Mr. Sack has taken an active part in community affairs and was president of the Community Club when called into the army. He spent the last part of his service in Germany and was discharged last February. He was married to Ruth Ann Sporer in May. Mrs. Sack, resident of Murray, had taught school for four years.

Cole also presented the young couple with a large "piggy bank" containing the coins which had been contributed by friends present.

Refreshments were served at the close of the evening.

The Nebraska State picnic will be held in Bixby Park, Long Beach, California, on Saturday, July 11. Transplanted Cornhuskers now residing in California are expected to attend and Nebraskaans visiting on the coast are invited.

## Now you Know!

The answers to everyday insurance problems—  
By STEVE DAVIS

**QUESTION:** A one half carat diamond is missing from my engagement ring. I'm sure it wasn't stolen but someone told me that if I had had The insurance the Company would have paid under the "Mysterious Disappearance" clause. Is this so?  
**ANSWER:** No. In almost all Theft policies stones in pieces of jewelry are specifically excluded from coverage under the Mysterious Disappearance clause. A Personal Jewelry Floater policy can be written to cover that type of loss.

★If you'll address your own insurance questions to this office, we'll try to give you the correct answer; and there will be no charge or obligation of any kind.
