## CHRISTIAN SCIENCE SOCIETY

Sixth Street and Second Avenue  
 "Soul and Body" is the subject which will be read in Christian Science churches throughout the world on Sunday, November 23, 1953.

The Golden Text is: "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light." (Matthew 6:22). Other Bible citations include, "For in him we live, and move, and have our being," as certain also of your own poets have said. For we are also his offspring. Forasmuch then as we are the offspring of God, we ought not to think that the Godhead is like unto gold, or silver, or stone, graven by art and man's device." (Acts 17:28, 29).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In proportion as the belief disappears that life and intelligence are in or of matter, the immortal facts of being are seen, and their only idea or intelligence is in God." (Page 279).

## Scriptures Stress Need for Citizens To Perform Duties

THE religion of Israel was a mass religion, always emphasizing God's choice and call to the nation as a whole.

But this emphasis did not in any way minimize the importance of the individual and the soundness of his character and conduct. This has a distinct bearing upon our modern democracy, which in a way is a mass affair. We think of democracy often, perhaps too often, as consisting in popular suffrage and the rule of the majority.

However, the vote of a majority never in itself made anything right. The true essence of democracy is self-rule. When the rule of kings is discarded, it is the individual who becomes king, and if he abdicates democracy may become a very sorry affair.

Is not our greatest weakness today the fact that so many citizens fail to exercise their prerogatives and privileges, to say nothing of their duty?

The Old Testament made plain one's place and duty as a member of society. There was the terrible example of Achan, who, in an hour of victory, stole a Babylonian garment and bars of silver. Profiteering Achan in their country's hour of danger have not been lacking in recent history.

National righteousness, to the Psalmist, meant justice. Conceptions of right and judgment were at the heart of all relationships. As the individual was responsible for his personal integrity, those who ruled, that is society, were responsible for rights, liberties and fair dealing.

It is the sense of right and judgment that we most need today. It is in the moral foundations that modern societies are weakest.

Too many issues are settled, not upon the basis of what is right and fair, but upon the power of individuals or groups to enforce their will. This would not be the case if we would recognize our duties to society.
