Local Couple Has Interest in Post Office at Richfield

A recent story that Richfield would continue to operate a fourth class post office was of particular interest to a Plattsmouth couple.

Mr. and Mrs. Frank Slatinsky read the story with interest since their daughter, Mrs. Mary Peterson is postmistress of the Richfield post office in Sarpy county.

The post office occupies one corner of the Petersen grocery store and serves between 100 and 150 families. The village is located about five miles from either Papillion or Springfield.

Mrs. Peterson has been postmistress there for 18 years, that's 30 years less than her parents have resided at Plattsmouth.

Reorganization Outlined by Cook To Mynard Unit

Mynard Unit of the Cass County Farm Bureau Federation met Friday at the home of Mr. and Mrs. Richard Cole and Mrs. S. W. Cole.

LeRoy Cook, chairman of the Cass County Reorganization committee, was principal speaker and outlined the program of school reorganizing. Mr. Cook is from Elmwood.

Members were urged to attend the annual Cass County Farm Bureau picnic in August, in lieu of a unit picnic. The next regular meeting of the Mynard group will be in September.

Refreshments were served and the evening spent socially.

Cheery Bluebirds

The Cheery Bluebirds met at the home of their leader, Mrs. Sheldon Smith, with all members present.

The time was spent making Mother's Day gifts and viewing pictures of colored slides shown on a screen of the group in their new uniforms.

GRAIN STORAGE

ACT NOW

Secretary Benson announced recently that according to statistics 250 million bushels of additional storage will be needed this year. He further states that farmers must make provisions to store this grain on the farm.

FARM STORAGE IS GOOD BUSINESS

Crops can be marketed in a more orderly fashion. They don't have to be thrown on to the market and sold below support levels.

GOVERNMENT LOANS

The farmer can obtain a loan up to 80% of the value of farm storage construction, five years to pay for it at only 4% interest. The first payment not due until after the first year.

INCOME TAX

You can depreciate the total cost of the building in your income tax schedule over a period of five years.

GRAIN BINS COST YOU NOTHING

Figure it out for yourself, after five years you will have more than paid for the building. The following is an example of what this storage will make for you.

1,000 Bu. Grain at 50c	\$ 500.00
(Estimated difference between market price and support price 1953 basis)	
1,000 Bu. storage rate 4 years at 14c a bushel per year	560.00
5 year income tax depreciation using a 25% bracket, 5 years at \$31.00 per year	155.00
	\$1,215.00
Less loan on bin for 5 years at 4%	57.60
5 year total income from bin	\$1,157.40

A 1,000 bushel bin will return you twice what you have paid for it in 5 years. Which means that you will have this bin available for your own use without any cost to you.

AVOID LAST MINUTE RUSH

Mr. Farmer do not wait until harvest time to figure out how and where you can store your grain. It is impossible for dealers and manufacturers to have a large enough supply of grain bins on hand at harvest time to take care of your needs. WE ALL MUST COOPERATE by starting now to construct these bins.

SEE US FOR STEEL BINS AND WOOD BINS — ALL TYPES OF PLANS AVAILABLE — LARGE OR SMALL — COME IN AND TALK IT OVER WITH US.
