

Boys Town Trips Midgets For 15-4 Win

Scoring heavily in the second inning, Boys Town Midgets rolled to a 15-4 win over Bob Richter's Plattsmouth crew. Ten walks by Plattsmouth's three hurlers helped the winners.

Owning a 2-1 margin going

into the second, the Boys Town crew scored eight times to up their margin to 10-1. They picked up another in the third before the Devils could score again.

Plattsmouth added two runs in the fourth and completed its scoring in the top of the fifth to make it 4-15. Jim Pucelik, Tom Winscot and Alan Wiles shared mound duties for Plattsmouth, giving up 13 hits, walking 10 and striking out four. They had four errors behind them. Thomas and Lief with three for 3 and Brogan with 2 for 2 led Boys Town sluggers.

Pucelik's home run in the fifth inning and Larry Long's homer in the fourth were the big blows for Plattsmouth which now has a 3-4 record.

The Devils got six hits off Thomas while seven went down on strikeouts. Three drew walks and two lived on Boys Town errors.

During the last fiscal year, over 5,000,000 volunteer hours were spent in Red Cross collection of blood for defense and civilian use.

Scorer Fails to Complete Game; Loser Given Win

Failure by the scorer to complete the final inning, provided Eagles that 5-4 win over Murdock in softball league play at Weeping Water.

Actually Murdock took a 6-5 win by scoring twice in that sixth inning. The scorer's book, however, left men stranded on second and third base with one down.

Nursing Home Patient Dies

Ed Schlater of Louisville, who has been in the Ebeleer Nursing Home for around two years, passed away at 2:30 on Friday morning. His sister, Daisy Schlater, has been spending a few days here with him. Their brother, Tim, died there recently and was buried at Louisville.

A family picnic lawn supper was held with Emily Gonzales on Thursday. Present were the Jim Mills family of Murdock, the Stuart Mills family of Wabash and Ruth Monning.

California Trip Ends For Girls

Joan Backemeyer and Janice Miller returned on Wednesday of last week. They visited friends and relatives for six weeks in Los Angeles, Long Beach and San Diego. While at Mission Beach for recreation, they met Orval Bogenrief on his first time off from the navy at San Diego. "Chuck" Backemeyer will finish the Electronics Communication course on August 31.

Dick Apt left for the Marines in San Diego on July 29. His mother came from Lincoln to spend two days with him before he went. She is Rhea Apt, who is employed in a dress department as clerk.

Mr. and Mrs. Ralph Gerbeling and Sandra visited his mother, Cora Gerbeling, on Wednesday evening.

Rex Brown was host to the Woodpecker 4-H Club at the home of his mother, Mrs. Percy Miller for the July meeting. Giving demonstrations were Dale and David Krecklow and Gayle Miller. They plan to enter a float at the county fair. President Larry Fleischer conducted the business session.

Krecklow Receives Attendance Pin

At the recent Lions Club meeting Harold Krecklow received an attendance pin for five years of perfect attendance. He was first president here. Others gaining pins were Dolor Swartz, Ralph Richards, Edward Pool, Robt. Bornemeier, Earl Messelthizer and Merrill Nannen.

Attending the meeting of the Associated Farm Bureau women of Cass County at the Mrs. Harold Ahl home at Louisville, were Mrs. G. R. Tveland, Mrs. Herbert Oehlerking, Mrs. Walter Oehlerking and Mrs. Chas. Marshall.

Clark Marshall is at home after helping with harvesting in Kimball and Perkins counties. Bluebird Club officers from here who attended the county council meeting at Weeping Water, were Mrs. Leavitt, Mrs. Robb, Mrs. Chas. Marshall and Mrs. Raymond Eveland.

Ladies Council of the Christian Church met Friday afternoon of last week with Mrs. George Eidemiller. Mrs. Horn led the lesson and President Mrs. John Box, was business meeting leader.

Lila Oehlerking is visiting relatives in California. Mr. and Mrs. August Bornemeier spent Tuesday visiting their daughter and family, Mr. and Mrs. Fay Stolz at Douglas.

Their daughter, Ellen, returned home with them then. Mrs. Fred Engelking heard from Mr. and Mrs. Paul Bornemeier, who are touring Europe. In London they visited the birthplace of Shakespeare at Stratford-on-Avon and they saw the crown jewels.

Show Proceeds To Emergency Fund

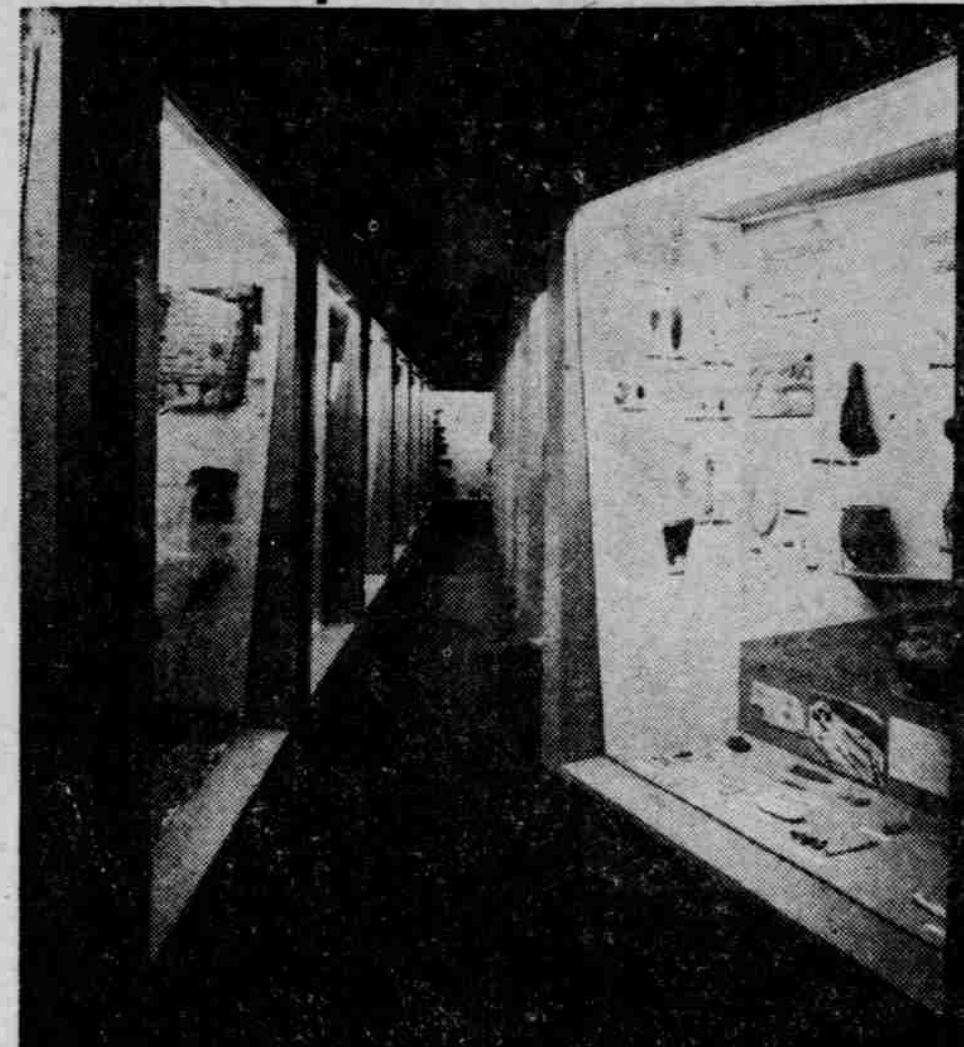

On Wednesday evening, August 4th, the free picture show is to be changed to one having a box for ticket offerings for the needed polio fund. The film is promised to be a good one.

Harold Wilken and others are employed in reshingling the house on the Herman Schweppe farm. It is a large building.

Centennial Traveling Museum Slates Stop at Plattsmouth

Nebraska's "Centennial Car," a travelling museum containing an exhibit of life in Nebraska from the earliest Indian hunters of ten thousand and more years ago to the present, will be at the Missouri Pacific station in Plattsmouth, August 14.

The car will be open to the public free of charge from 9:00 a. m. to 6:00 p. m. Launched at Lincoln on June 9th by Governor Crosby, officials of the state's railroads, and members of the Territorial Centennial Commission, the car will visit all parts of Nebraska during the summer, concluding its tour at the state fair in September.

The "Centennial Car" is the Union Pacific's air-conditioned exhibit car which has been transformed into a travelling museum of the latest design, with exhibits installed by the museum staff of the Nebraska State Historical Society.

Included in the displays are many treasures from the State Historical Society's museum, showing the life of the early Indians, the fur traders, the territorial pioneers and modern

Nebraskans. Other displays will show the development of transportation, the history of Omaha—the territorial capital, life on the sod house frontier, and the development of agriculture.

The entire cost of modifying and transporting the car is being borne by the railroads serving Nebraska as part of their contribution to the territorial centennial. Participating railroads are the Burlington, Chicago and Northwestern, Missouri Pacific, Rock Island, and Union Pacific.

In announcing the car, James E. Lawrence of Lincoln, chairman of the Territorial Centennial Commission, expressed the hope that all Nebraskans would avail themselves of the opportunity it provides to view significant exhibits relating to Nebraska's history. He pointed out that it would provide a particularly good opportunity for those who had not yet been able to visit the new building of the State Historical Society in Lincoln.

The car will arrive here from Nebraska City, and will move on from here to Omaha.

Cass Farmers Make Good Use Of FHA Credit

Farm families in Cass county have made good use of Farmers Home Administration credit and services this past year and have stepped up the efficiency of their farming operations. William L. Owens, the agency's county supervisor at Nebraska City reported this week.

Additional funds have been made available, Owens said, to make additional operating loans through this next year. Loans are also available for the purchase of farms as well as to enlarge and improve farms.

A total of \$78,760 was loaned in Otoe, Cass, and Nemaha counties during the past year for equipment, livestock, fertilizer, feed, and seed, that the farm families needed to make better use of their land and labor resources. During the same 12 month period, collections on these types of loans amounted to \$72,799 in the three counties. Of this amount, \$18,320 represented prepayments made on note installments not yet matured.

A large proportion of the money loaned has been to veterans and other young farm families who are establishing better farm setups. Their greatest needs were for adequate credit and some help in developing sound systems of farming and adopting efficient farm management practices. No loans were made to farmers who were able to obtain the financing they needed from other local lenders.

The office of the Farmers Home Administration, which serves Cass, Otoe, and Nemaha counties, is located on the second floor of the Post Office Building at Nebraska City. Mr. Owens spends at least one day each month at the ASC office in Weeping Water, and anyone interested in contacting him there could write to Nebraska City office to learn the date he will be there.

Cover Check on Ironing Board Is Recommended

If you've been wondering about discoloration on your newly washed and ironed clothes, better take a good look at your ironing board cover.

Clara Leopold, extension home management specialist at the University of Nebraska, suggests that it be washed in hot suds frequently to save your laundry's bright look.

To meet needs of thousands of Americans threatened by polio, measles, and infectious hepatitis, Red Cross provided gamma globulin at an average rate of 5 cc per pint during 1952-53.

Extension Notes

Ensilage Cutters Getting Popular
As the hot dry days roll by, the popularity of ensilage cutters increases. Its hopeful that corn will not need be harvested as silage too early but its a foregone fact that there is where a big per cent of corn will need be eventually put, to be of any value. A report received in the office last week, is that one machinery dealer in the county sold 4 ensilage field choppers in one day.

Soil Tests
Its a long time until spring but now is a good time to collect those soil samples for testing so that through fall and winter fertilizer plans for 1955 can be made. Still time too, to get the soil test reports for fall seedings.

Solar Heat
The farm news digest says "The quantity of heat the sun has been pouring on the earth has increased 1/4 of 1% the last 20 years." As hot as its been this summer, it might be well for them to check their figures again.

Atomic Farmers to Hold Field Day
Saturday, August 7, the Tom Grosshans farm will be buzzing with a group of young tractor drivers. The Atomic Farmers 4-H Tractor and Soil Conservation Club are holding their annual 4-H Achievement meeting. Scheduled are terrace construction demonstrations and a tractor driving contest.

CLARENCE SCHMADEKE,
County Extension Agent

Its a fact that one among every 12 persons, between the ages of 20 and 60, has contributed blood through Red Cross for civilian and defense needs since the inauguration of the Red Cross Blood Program in January, 1948.
