

### Susan Stone Is Queen of Fair; Ten Compete

(Continued from Page 1)  
a farm near Elmwood, she is now a junior at Eagle high school. Music and art are her main interests, though at school she has been a member of the volley ball team, Pep club officer in Future Homemakers of America, and active in 4-H ten years. In music she participates in the triple trio, madrigal, the girls' glee club, sextet and band. She has had paintings on exhibit in an elementary art exhibit and also at the Korn Kar-nival.

Nancy Land, 16, of Plattsmouth is the daughter of Mr. and Mrs. Charles Land. Native of Union, she has been active in music circles in the high school here, where she is also a member of the Pep Club. She is also active in Jobs Daughter and 4-H activities, and the Methodist church. Photography and leather tooling are among her hobbies. She also plans a nursing career.

Marilyn Rhodes, 16, is the daughter of Mrs. George Rhodes of Manly and will be a junior at Weeping Water high school. She has been active in pep club, is a majorette and drum major of the school band, and is active in music groups at school and church. A four-year 4-H club veteran, she has also been active in class programs and events.

Phyllis Ann Switzer, 17, daughter of Mr. and Mrs. Randall Switzer of Nehawka is a graduate of Nehawka high school, where she was a member of the Pep Club, was a cheer leader, class officer, Girl Scout and D. A. R. Citizenship winner. She has been highly successful in 4-H and was a purple ribbon winner at the state fair a year ago. She has also been a 4-H Club leader and assistant leader. She attended 4-H Club week in 1953 and was a countess at the Korn Kar-nival. She is now employed in Omaha.

Eunice Marie Oehlerking, 16, is the daughter of Mr. and Mrs. Alvin Oehlerking of Murray and will be a junior at Murdock high. Lifetime resident of the community, she is a two-year volleyball letter winner, and rates music among her principal interests. She participates in mixed chorus, girls' chorus and triple trio, and plays a baritone horn in the band. She is also a member of Pet Club and an honor student. She follows her music interests in the church and is an officer of the State Youth Fellowship. Sewing, cooking and roller skating are her other interests.

Donna Doebele, 16, of Elmwood is the daughter of Mr. and Mrs. Clayton Doebele. Representative to the Korn Kar-nival last year, she has athletic interests at school, being a three-year volleyball letter winner, conference selectee two years and co-captain of the team. A cheer leader, she will be "captain" of cheer leaders in her final year. She has also been a class officer, in class plays, a member of music groups and Pep Club, and a majorette.

Ann Marquardt, 16, daughter of Mr. and Mrs. Fred Marquardt of Avoca, lists among her principal interests and achievements owning and caring for her own Hereford cattle. She is active also in school affairs and 4-H work. She was feature editor of the annual staff, member of the junior class play cast, officer in the "A" club, two-year letter winner in volleyball, sports editor of the school paper, member of the national honor society, class officer, Pep Club, and girls' chorus. Aside from school she has earned her Red Cross junior life saving certificate, has attended the state fine arts course, is a part time assistant to the town board treasurer, and is handy with a sewing machine. She lists roller skating and art work as hobbies.

Nancy Jane Boedecker, 17, the daughter of Mr. and Mrs. Charles Boedecker of Murray completed elementary school at Murray before enrolling at Brownell Hall in Omaha. Her activities there included a role as chapel organist, four year advanced course in piano, was a member of the choir and officer of the dormitory. She was also on the honor roll, and a member of the year books staff, Altar Guild and drama society. She was selected to play a recital at Joselyn Memorial last spring and will enter William Woods College at Fulton, Missouri this fall.

Cattle may get fluorine poisoning from the dust from phosphorus factories, raw rock phosphate feed and fluorine occurring naturally in the water in certain areas. The poisoning will cause mottling, pitting and erosion of the enamel of the teeth, and abnormalities in the bones.

Strauss says atom goal is "overwhelming superiority."
