SOENNICHSEN'S

"QUALITY COSTS LESS AT SOENNICHSEN'S"

4 Important Reasons why you should buy a PONTIAC RIGHT NOW!

1 Pontiac is One of the Greatest Cars Ever Built!

Match today's Pontiac with America's finest cars and you'll get a dramatic picture of Pontiac value. First of all, Pontiac is big—bigger, in fact, than many cars costing hundreds of dollars more. Pontiac is beautiful—with its distinctive Silver Streak styling. Inside, you'll find genuine fine-car luxury and appointments—along with the roominess and comfort that come only with a long wheelbase. But the big surprise comes when you test Pontiac's performance. See how alert it is to every demand in traffic, how it handles and corners almost without effort, how it takes to the open road with plenty of power to spare and saves money every mile.

2 Pontiac has the Best Resale Value in its Price Class!

Along with all its fine-car size, luxury and performance, Pontiac has a very special attribute no car at any price can beat—its unsurpassed reputation for year-in, year-out dependability. Pontiac's carefree, economical long life and its proved record of amazingly low maintenance expense are so widely known and acknowledged that it commands the highest resale value in its price class. Because Pontiac is America's most desirable used car, your original investment comes back in greater measure when you trade, making ownership cost even lower.

3 Pontiac is Priced Just Above the Lowest!

After you've convinced yourself of Pontiac's value, after you've considered all the good things you've heard about its dependability—see and compare it dollar-wise. Despite the fact it's a fine car in every sense of the term, it's priced so near the lowest that if you can afford any new car you can afford a Pontiac.

4 We'll Make You a Deal You Can't Afford to Miss!

Right now we're making such liberal trade-in allowances that you just can't afford to pass up the greatest opportunity you ever had to become a fine-car owner. Come in and get the facts.
