Political Freedom, U. S. A.---

This scene could take place only in a democratic country such as ours. While Republican Vice President Richard Nixon, dark suit, upper right, makes a political speech at Ft. Scott, Kan., his six-man honor guard is composed completely of registered Democrats. That is America's political freedom. Defend it. Vote.

FOOD OUTLOOK The outlook for good eating this coming winter is excellent as of now, with prices of most fundamentals down — at the farm level — to about where they were before the start of the Korean war. Large surpluses of many of the primary foodstuffs tend to keep prices stable.

SYNTHETIC RUBBER The government has been making about \$50,000,000 a year turning out synthetic rubber for automobile tires, according to a recent report. The government will soon be selling the business to private industry, however, where the Eisenhower Administration says it belongs.

Crisp Apples Can Be Frozen For Desserts

Crisp, firm, well-flavored apples can be frozen for quick use in pies and desserts if they are handled carefully, says Ethel Diedrichsen, extension food and nutrition specialist at the University of Nebraska.

The department of agriculture has experimented with possible ways of retaining the cut apple's fresh color, texture, and flavor through the freezing process. The following procedures have been found most successful:

To freeze apple slices for fruit cocktail or uncooked desserts: Prepare a medium-heavy syrup by dissolving sugar in water in the proportions of three cups sugar to four cups water. To each quart of syrup add ½ teaspoon of ascorbic acid (vitamin C). This anti-darkening aid for fruit freezing is sold in powdered or crystalline form in many drug stores.

Starting with ½ cup syrup in each freezer container, slice peeled and cored apples directly into the cold syrup. Press slices down and add enough syrup to cover. Leave space at top to allow for food expanding in freezing; ½ inch space in pint containers; one inch in quarts. Seal and freeze.

To freeze apple slices, with or without sweetening, for pie or other cooked dishes: Slice peeled and cored apples into water containing two tablespoons salt per gallon, to prevent darkening. Drain. Place apple slices in a single layer in a steamer and steam 1½ to two minutes, depending on thickness of slices. Cool in cold water and drain.

For a sweetened pack, sprinkle ½ cup sugar over each quart (1½ pounds) of cut fruit and stir. Sweetened or unsweetened, pack the slices into freezer containers and press down, leaving ½ inch space at top. Seal and freeze.

To-can apple slices: Packing raw gives better flavor and texture than pre-heating the slices and packing them hot. For a raw pack, slice peeled and cored apples into water containing two tablespoons each of salt and vinegar per gallon. Drain. Pack the raw slices in home-canning jars to ½ inch of top. Cover with boiling sugar syrup, made

in proportion of one cup of sugar to three cups of water. Leave ½ inch space at top of jar. Adjust jar lids and process either pints or quarts 15 minutes in a water bath canner.

The hot pack has this advantage, if storage space is limited: About 50 per cent more apple slices may be canned in each jar. To pack hot: After the slices are drained from the salt and vinegar solution, boil the fruit in thin syrup or water for 5 minutes. Then pack and process in the canner like raw slices.

The Army has demonstrated a big plastic barrel to carry supplies.

The other two departments holding this award are the Omaha Police Dept. and Douglas County Sheriff's Office. The award read in part, "as a token of recognition and appreciation for outstanding leadership and services and the capable development of superior and efficient law enforcement agency."

Fellow voters and citizens, if you and I justly and honestly feel that we are not qualified by reason of experience and schooling to step in and take over the duties and responsibilities of the sheriff, THEN IN THE SAME FRAME OF MIND let us seek out the candidate that has these qualifications. For upon this choice will rest the protection of our family, our property, and our community.

This is our sheriff's office. Our past support in this administration, our confidence, and co-operation has made this an outstanding public service agency. Keep it serving the best interests of our community by supporting it in tomorrow's election.
