

# Devils Win No. 2, Go on Road

## Alvo Fades And Nehawka Wins 65-57

NEHAWKA — Alvo's terrific first quarter wasn't enough to hold the line here Friday night as Nehawka hammered in 22 in the second to take away the lead and a final fourth quarter drive to win 65 to 57.

Alvo poured in 11 fielders and 4 charity shots in the opening period to lead Nehawka 26 to 12 but the visitors faded sharply in the second period and put in only 6 points. In that period, Nehawka poured in 22 to take a lead at halftime 34-22. Alvo was back on the track in the third quarter and took over the lead with 15 points to Nehawka's 12 to hold a 47-46 edge at the three-quarter mark. But Nehawka took their turn in the fourth with a 19-point spree to lead at the end.

Ned Snyder led Nehawka with 21 points followed closely by Dick Ehlers with 19.

Mickey Lipsky led Alvo with 17 points.

Box score:

Player	fg	ft	f pts.
Blair	8	5	3 21

## SPORTS

### Avoca Wins Three Straight Contests

Avoca rolled its record in basketball up to 6-5 by last week with three straight victories as they stopped Greenwood 51-48; defeated St. Bernard's 52-42; an overhauled Nehawka 64 to 32.

But they also lost a player as Dick Nielsen emerged from the St. Bernard's game with a fractured wrist but with high point honors at 26.

Nielsen and Noerlinger had carried the attack against Greenwood with 18 and 14 points respectively. Buckingham paced Greenwood with 16.

Avoca had a lead all the way in a game against a rough St. Bernard's team, holding period and leads of 15-11, 23-19 and 43-29.

Noerlinger started defensively as Avoca paced Nehawka holding leads of 19-15, 34-24 and 45-32, handing Nehawka a perfectly blank fourth quarter when they scored no points. Johnson led Avoca scoring with 18 points. Snyder had 16 for Nehawka.

### Indians Stop Alvo By Score of 56-31

Weeping Water's Indians, pounded out a 56 to 31 win over the Alvo high school basketball team on the Alvo court Tuesday.

Stacey reaped 19 points to lead the Indians and Lühring splashed 17, Ludwick 10, Wade 8 and Stratton 2.

Garcia had 11 points for Alvo, Neben 8, Lipsky and Roelofs 5 each and Yanak 2.

### Louisville Drops Elmwood Team 53 to 45

LOUISVILLE — Louisville led all the way here Friday night to defeat the visiting Elmwood team by a score of 53 to 45.

Louisville's seconds scratched a win over Elmwood reserves by a score of 37 to 31.

But Elmwood took home the volleyball victory by a score of 24 to 19.

In the A team basketball game, Louisville jumped off to a 13-6 first quarter lead and were never headed. They held a lead 29-21 at the half after an Elmwood second quarter rally but moved in front 42-49 at the end of three quarters.

Dick Thomas paced Elmwood with 16 points. Workman was Louisville leader with 19.

Elard Hansen paced Elmwood reserves with 14 points. Bob Workman had seven for Louisville reserves.

In volleyball, Shara Doebele and Rae Jean Bornemeyer had 5 points each to lead Elmwood. Lee Roe had 7 for Louisville.

Box score:

Player	fg	ft	f pts.
Elmwood	7	5	2 19

Plattsmouth's Blue Devils had two straight wins hung away today and were on their way out of town for a Tuesday night game when they travel to Nebraska City for a Twin-Rivers Conference start. They return to the home court Friday against Waboo.

Friday night the Devils capitalized on a strong first quarter to defeat the visiting Ashland team by a score of 61 to 44.

Devi's reserves out-scored the Ashland reserves to win 57 to 35.

The Tuesday night win gave the Devils 6 wins 3 losses for the season, counting a win and loss in the Ak-Sar-Ben tournament when they were knocked out by Blair in a close game.

The Devils turned around and whipped the Blair team in a regular conference game the following week.

The Plattsmouth team has scored 458 points and has allowed opponents only 374 in 9 games for an average offensively of 50.88 points per game and defensively an allowance of 41.55 points per game for opponents.

The Devils piled up a 21-10 margin by the end of the first quarter here Friday night and held on to win, leading 46-22 at the half and 46-35 at the end of three quarters.

Plattsmouth's free throwing helped the cause considerably when they hit 23, led by Denny Hirtz who missed none in six tries.

Stu Nielsen led the scoring for

### No Hunting? Try Reading Latest Book

With the close of the last open hunting season, the rabbit season, January 31, the average Nebraska outdoorsman finds himself in a doldrum period of little activity. Until the weather changes in the spring, many of us will just dream and talk about hunting and fishing. True, some will be busy with repairing and cleaning outdoor equipment such as guns and fishing tackle.

Often during our discussions on past and future seasons, we often get into the field of management; be it fish or game. We repeat ideas and remarks we hear from other hunters. We make this statement and that statement based on fact and some based on fancy. Generally speaking, we aren't sure of our sources of information and sometimes aren't sure of the accuracy of it.

During this slack activity period, many of us would enjoy reading good information on the management of our wildlife resources. We don't know exactly where to go for it. True, some of the national outdoor magazines have some articles of this type. Many of us read OUTDOOR NEBRASKA, a quarterly publication by the Nebraska Game, Forestation and Parks Commission. These are good sources, which are usually dependable. The trouble is that periodicals give us just a part of the over all picture.

To get a good idea of the over all problems of managing wildlife, we can turn to some of the books that have been recently published on this subject. "Wait a minute! I don't want to read all that dry technical stuff," you may claim.

Well, you don't have to. There are some books written by men that understand the problems of wildlife resources, and, what's more, they know how to explain them so it is interesting and easy to read.

There is a new book on the market that will give you a lot of enjoyable hours of reading and also give you a good idea of wildlife management practices.

It is: Our Wildlife Legacy; Durward Allen, 1954. Funk and Wagnalls Co., New York, New York.

This is a book that youngsters in the upper grades and in high school can use to fit the wildlife picture into their general conservation course. This book alone would give them a solid background in the conservation of natural resources in spite of the fact that the main stress is on wildlife.

For the post-school adult, the myths, half-truths and misconceptions of "barber shop biology" will fade and be replaced with firm factual information, after reading this book. Allen takes great care to build up a solid background of fact for each principle of conservation of wildlife put forth in his book. He cites evidence of technical workers and in many cases explains in detail how the evidence was collected and analyzed.

The book is in three parts. The first is "Numbers at Work," seven chapters of how, why and when of wildlife population increases and decreases. Allen points out some of the known reasons for great population changes and stresses the point that we are only beginning to

Plattsmouth with 13 points but Hirtz and Ptak had 12 to follow closely.

Blue Devil reserves were behind 7-6 at the quarter but they soon got on top and from there on it was little contest. They led 23-13 at the half and 37-24 at the end of the quarter to win 57-35.

Beverage was Devil reserve point leader with 15. McReynolds led Ashland reserves with 12.

get some of the answers to these changes.

"Paths and By-Paths," the second part of this book, has eight chapters dealing with harvesting game crops, evaluates released game, predators, and points out how the public's misconceptions and belief in myths often makes it impossible for game managers to use good game management.

"Method and Outlook," part three, tells the readers what our failures have been in the past, what they are at the present, and gives a dark picture of the future for wildlife unless people face up to their responsibilities — and quickly.

We will tell you of other good books, from time to time in this column.

### Auto Show Will Be Seen on TV Preview Feb. 8

Thousands of television viewers in the KMTV area will catch their first glimpse of Omaha's new, \$7,500,000 Municipal Auditorium when the channel 3 station televises a special "Auto Show Preview" direct from the new building on February 8.

The 1955 Auto Show — the first held in Omaha since 1940 — will be featured in the new auditorium from February 8-13. The Auto Show telecast — the first TV show to originate from the new auditorium — will give viewers a special "sneak preview" of the huge transportation exposition.

The telecast will feature showings of the most beautiful of the '55 automobiles, a special glimpse at some of the experimental cars and a parade of antique autos. Many of the KMTV personalities will appear on this special telecast. The Omaha Auto Show itself will feature outstanding entertainment nightly with such stars as Monica Lewis, Gil Lamb, the Mills Brothers and Eddy Haddad's band.

The "Auto Show Preview" telecast will be presented by the Omaha New Car Dealers, and will be aired on KMTV (channel 3) at 8:30 p.m., Tuesday, February 8.

### Ak-Sar-Ben Racing Revenues Pay Cash, Help County Fairs

LINCOLN (Special) — Ak-Sar-Ben's cash contributions from its racing revenues for the assistance of Nebraska County Fairs were in excess of \$109,000 for the first time last year, it was announced here today at the County Fair Managers convention by J. L. Thurmond, chairman of the Omaha organization's Public Affairs Committee.

Seventy-three counties shared in Ak-Sar-Ben's newest project, whereby cash grants totaling \$36,315 for permanent improve-

**JIZBA & JIZBA**

5417 Ogden Omaha, Nebr. Phone PL6361

ments were given all county fairs willing to match Ak-Sar-Ben's contributions with at least an equal amount.

Special premiums paid by Ak-Sar-Ben to 4-H and FFA exhibitors at Nebraska County Fairs totaled \$20,759, the largest amount distributed in any one year since the project was first launched eight years ago.

Admission taxes and license fees paid to the Nebraska State Racing Commission by Ak-Sar-Ben for distribution to the County Fairs totaled \$52,681, and an additional \$7,500 was collected by the commission from licenses issued to horsemen, groomers, jockeys and other participants at the Omaha meet.

The total thus made available by Ak-Sar-Ben for the Fairs was \$117,255, Thurmond said. He pointed out that in addition to this assistance for the County Fairs, Ak-Sar-Ben also spent many thousands for scholarships, livestock shows, 4-H and FFA projects and other activities for the betterment of agriculture in Nebraska.

"We are very happy that our finances have reached the point where we are able to make such substantial aid available to the County Fairs and our Board is pledged to continue this help so long as we are financially able to do so," Thurmond said.

President Eisenhower has asked Congress to vote pay increases averaging 5 per cent for 1,500,000.
