## WIK

**RID YOUR CATTLE OF LICE and FLIES**  
Beats Spraying Costs by 80% . . . Increases Gains by Up to 40 Pounds.

Authoritative tests prove that this sturdy applicator is as effective as spraying and costs one-fifth as much to use. Cattle treat themselves when needed, providing year-round protection from insect pests. The WIK applicator pays for itself many times each year because insect free cattle gain up to 50 pounds more. Costs barely 4 cents per month per head.
