**From the Superintendent**—Questionnaires are going out this week to the parents of students of the first and second grade. Throughout the nation the newly developed polio vaccine is being provided by the National Foundation of Infantile Paralysis, to inoculate our children. It will be strictly on a voluntary basis that this vaccine be used. It is our hope that the dreaded disease of Polio may be conquered.

Senior plans are being made for an educational tour of Chicago sponsored by the Burlington railroad. The seniors are working hard on their play ticket sales and annual sales to make this trip a reality.

At a recent school board meeting in a curriculum study was made. Suggestions were made as to how we might enrich our course of study. Among the items was Homemaking. We are happy to say that definite plans are now made to include it in next year's offering. Advanced mathematics and speech are included. Library facilities are also to be expanded.

April 19th the Grade School has planned an interesting class program. The faculty feels that this is a very worthy project in helping our youngsters appear in public.

The Band will present its annual Spring Concert Tuesday evening, March 29th.
