PAN-AMERICAN HIGHWAY
President Eisenhower, acting on the urgent plea of Vice President Nixon, recently asked Congress to appropriate \$75,000,000 to rush the construction of a Pan-American Highway to the Panama Canal Zone in the next three years. This would give a two-lane highway all the way from Alaska to the Panama Canal.

TOBACCO
A new production control program for 1955 burley tobacco has been announced by the Department of Agriculture, which calls for a cut of about 13 per cent from previously announced planting allotments. The new program will be submitted to growers for their approval or rejection at a referendum on April 28.
