No wonder this great '55 Pontiac is setting all-time sales records!

It's bigger, smarter and more powerful than any other car at anything like the price!

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money.

With its long 122" or 124" wheelbase and extra, big-car heft, Pontiac provides road-hugging comfort you get in no other car near it in price!

Now take this big, roomy car and surround it with the distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obviously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success.

That alone would be enough for most cars—but not for Pontiac!

Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower

Strato-Streak V-8 with four-barrel carburetor* is the most modern power you can buy. You're on even terms with anything on the road—and you enjoy the greatest economy and dependability in Pontiac history.

If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into any new-car budget!

You'll never find it easier to get into the finer class than right now! *Low extra cost option
