Beverly Sutton (a passerby) and Tom Hamlin, Plattsmouth Head of Consumers appliance department hold a part of a three-phase cable that failed plunging five county towns in darkness Monday night. Every male member of the local Consumers office was on the job in a matter of minutes restoring service as rapidly as possible.

Pictured above is one of the giant switches that melted down from terrific heat. Arrow points to molten insulation that oozed from the bottom of the switch. A circuit to Bellevue passes through this line and was soon back in service when employees pulled the switch back in position by a manually operated lever after the automatic throw-out was destroyed.—Journal Photos.

Oak Park, Ill., a suburb of Chicago, visited his brother, Emmett Cook and wife last week. Earlier his brother, Carroll, and wife from the same city were their guests, for a few days.

Here's why Record-Breaking Thousands Name Pontiac "America's Greatest Buy"!

It takes only one word to explain why today's Pontiac is the most popular Pontiac ever built. That word is VALUE.

Buyers from both ends of the price scale are finding that Pontiac provides just about everything any car at any price can offer. It's a matter of fact, not opinion, that Pontiac is the biggest, most powerful car anywhere near its modest price!

For size, Pontiac reaches high into the fine-car price range—and comes up with a long 122" or 124" wheelbase. This is size where it counts, because nothing beats

wheelbase in providing solid comfort and stability on any road at any speed.

Pontiac's performance is strictly Pontiac's alone—and it stems from the most modern, most advanced V-8 in the industry! Its mighty 200-h.p. Strato-Streak V-8 with four-barrel carburetor* provides more power than any car within hundreds of dollars of Pontiac's modest price.

Another Pontiac extra value, so easily measured when you get behind the wheel, is the supreme ease of handling that keeps all its eager power and husky bigness under

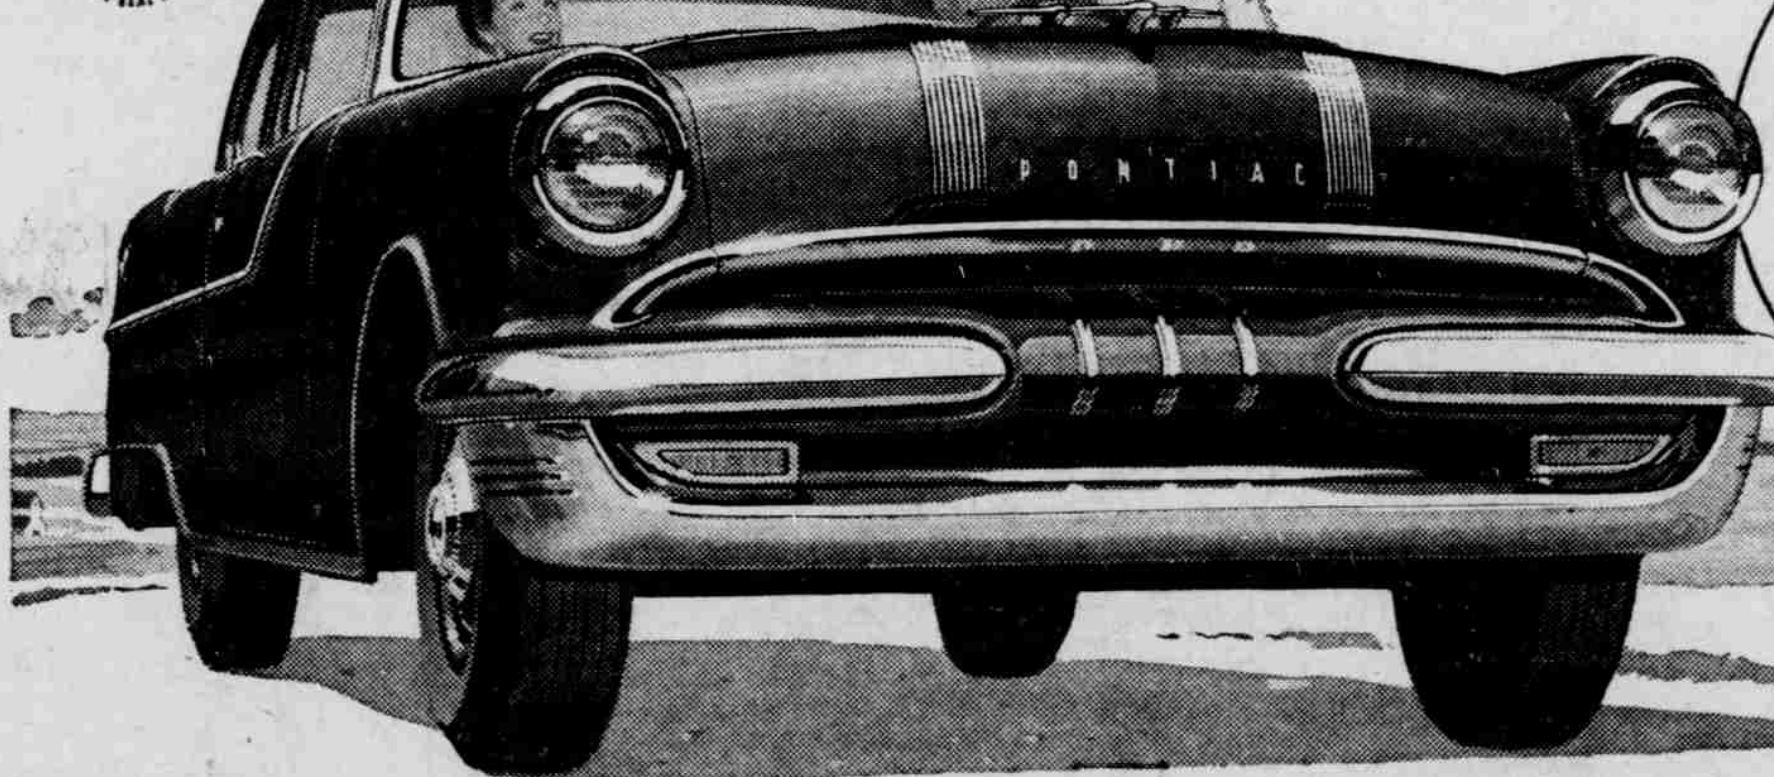

instant and almost effortless control.

And if you interpret value in terms of appearance—here again Pontiac's your kind of car. Its distinctive Twin-Streak beauty and Vogue Two-Toning will stay new and fresh for years!

And for the final value clincher—bear in mind that Pontiac prices fit easily into any new-car budget!

No wonder Pontiac sales are at an all-time high! Come in soon and drive this wonderful car. We're sure you, too, will join the big swing to Pontiac!
