Journal Readers

Effective January 1, 1956, New Subscription Rates to The Plattsmouth Journal Will Be as Follows:

Cass and Adjoining Counties per year	\$4.00
All other areas, per year	\$5.00
By Carrier in Plattsmouth, two weeks	25c
Single Copy Newsstand price	10c

Until new rates apply on January 1, 1956. The Journal will accept renewal subscriptions at the present rate of \$3.50 and \$4.00 per year. Current subscribers will be allowed to extend their subscription for not more than one year in advance.

While we regret the necessity of making this slight increase in the subscription price of this newspaper, we have no apologies to make. This is the first subscription rate increase of The Journal since 1948, a period of nearly 8 years. During that time postage rates have increased more than three times. Newsprint has increased nearly \$40.00 per ton. Costs of ink, metal, machines, parts and repairs have nearly doubled. Wages of printers and operators are nearly twice that of 1948.

HERE IS A GOOD EXAMPLE OF COSTS

1948 Total Taxable Wages PAID	\$22,003.75
1955 Total Taxable Wages (Est.)	\$44,391.36

In order to continue bringing you the kind of a newspaper you can enjoy, news, pictures, and greater coverage it is necessary that subscription rates carry their fair share of production costs.

It will continue to be the policy of this newspaper to give Plattsmouth and Cass County the finest newspaper in the area with more news, more features, more pictures and more value.
