TB Seals Sales Lagging Behind Total Year Ago

LINCOLN — "Nearly \$9,000 is still needed to reach the total Christmas Seal sale of the year before," said Paul Bogott, of Lincoln, president of the Nebraska Tuberculosis Association. "The 1954 Christmas Seal sale reached \$173,610.47. The current sale as of Jan. 15, is \$164,682.82 compared with \$166,193.86 on the same date last year. This means that we are now running behind last year," stated Mr. Bogott.

"The tuberculosis program faces curtailment in the coming year unless the Christmas Seal reaches the total of the year before. New projects cannot be started," Delmar R. Serafy, Executive Secretary for the Nebraska Tuberculosis Association, reported.

"We hope that the difference between the sale of this year and last will be made up by returns which are still being received. It is never too late to send in Christmas Seal contributions. Every gift is welcomed whenever it comes," added Mr. Serafy.

Mr. Bogott thanked all the volunteers who gave time and effort to the 1955 sale; the newspapers, radio and television stations with their increased coverage of the sale; and the many public officials, theaters, business firms, churches, and schools who cooperated with the Nebraska Tuberculosis Association throughout the Seal sale period.

Cass county had collected \$1,373.30 by Jan. 15, as compared to a \$1,111 final total last year.

AMNESIA VICTIM FOUND

Deming, N.M. — In September, Jimmy Jackson, a Deming service-station operator, picked up an elderly hitchhiker just outside Deming. The man identified himself as James Laughlin, 65, and, as he was homeless and out of work, Jackson gave him a job. Recently, two truck drivers recognized Laughlin as the owner of the van lines for which they worked. They notified Louisiana police, who asked Deming police to pick up the man. Laughlin's wife, Mrs. E. J. House, of Baton Rouge, identified him as her husband, but he did not recognize her, or her daughter, who accompanied her to Deming. He has no recollection of anything which happened prior to September.
