MONEY IN USE

Farm employment increased by 1,100,000 or 17 per cent between March and April, but remained about 4 per cent less than a year ago, according to the Agriculture Department. Family and hired workers totaled 7,654,000 at the end of April.

It Happened In NEBRASKA---

In 1819, when an army private's pay was about \$6 per month, the companies at Fort Atkinson conducted daily target practice. If a soldier could place four shots out of six within three inches of the target's center at 100 yards—shooting offhand—he was considered a good shot. That WAS shooting!

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep going—and so will the whole family.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gallons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And with horsepower up to 225, Chevrolet moves out like a whiplash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.
