Ned Totman Speaks On German Youth At The UYF Picnic

ELMWOOD (Special)—Sunday evening, August 5, the United Youth Fellowship held a picnic supper at the Elmwood Park. Afterwards they conducted a vesper service.

Besides their leader, Mrs. Swain Nielsen, Rev. T. H. Kampman, Rev. James Snyder and about 25 youths attended.

Marilyn Mendenhall read the scripture lesson, while Bob Hall led the group in singing.

The lesson period was devoted to a talk by Ned Totman, telling about the truth organization to

which he belonged while in Germany. The group asked questions which he answered according to his experience. Ned returned from Germany about two weeks ago.

The freshmen class of the Elmwood High School were guests of the group.

It doesn't cost a cent to Take a Ford Test Drive... and you may save hundreds!

Would you trade 20 minutes of your time for a saving of hundreds?

August is Saving Season at your Ford Dealer. Bag a deal while he clears his decks for the '57 models.

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 hp. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

FORD goes first
