RHONDA EARNS WRITES

Several letters received from Mrs. Rhonda Earnst from Mt. Vernon, Wash., tells how much she enjoys her niece and nephew, and the climate there. She has been there three months, and says she is so contented. She misses her many friends in Nebraska and often thinks of them. But to be near to someone who is your own relative is comforting, especially when one is not well.

Three weeks ago it was necessary for her to be taken to the hospital for treatment. She remained there on week, and now is in a nursing home, called Rest Haven, in Mt. Vernon where she has good care, and professional services which the niece could not provide. It is only two and a half miles from the niece and nephew, and they see and visit with her every day. Rhonda says she always enjoys sleeping when it rains, and has been wishing for rain, but Wash., has had very little this past summer, which is very unusual. Her bed is in front of a large picture window, and she

says she enjoys watching the robins on the window sill, and could touch them if it were not for the glass. The other day it did rain some, and she watched from her bed. It was her habit to watch her bird bath when she lived in Elmwood, and she loved and provided for them in winter.

She sends her greetings to all her friends, and will enjoy letters, which should be sent to her in care of W. M. Earnst, Route 4, Mt. Vernon, Wash. He and his sister, Ethel, live together, and have lived in Washington 19 years, and she writes this has been the driest year since they lived there. The summer has been cool and pleasant and she writes that her aunt Rhonda said many times she was thankful she was there where it was cool and pleasant. Kept waiting for warmer weather to wear summer dresses.
