And he put forth his hand, and touched him, saying, I will: be thou clean. And immediately the leprosy departed from him."
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (259-6-11): "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow. — thoughts which presented man as fallen, sick, sinning, and dying."
