

State Fair Has Opening Saturday

LINCOLN — The Nebraska State Fairgrounds was a beehive of activity today as superintendents and workmen completed last minute preparations for the opening of the 1957 exposition on Saturday. The fair continues through Sept. 6.

Advance entries have been at about the same level as last year when an all-time record for numbers was set in the livestock classes. The entry list for the swine show was closed early when all available space had been reserved.

Premium money to be offered at the 1957 Fair will be at an all-time high — a total of \$77,147 as compared with \$74,871 last year.

Advance sales of gate and grandstand tickets have been "very pleasing," an official said.

A highlight of the industrial show will be the display of irrigation equipment, the largest such exhibit offered at any state fair or industrial show in the nation, according to Schultz. Approximately 60 manufacturers and distributors of irrigation equipment will be on hand.

A display of foreign made automobiles, and an "Atoms for Peace" exhibit prepared by the U. S. Atomic Energy Commission, are featured.

Cars Collide at Murray Corner

Two cars were damaged in a collision at the Murray corner on highway 75 last Thursday. Sheriff Tom Solomon reports.

Holtz's car skidded 90 feet before the cars hit, Solomon said.

Neither driver was injured. The accident occurred at 11:30 a. m.

Shower Gift, Kitchen Trick and Canapes

A grand bridal shower gift for her wedding is a box of old-fashioned sheets, worn-out bath towels, and an old, old cotton blanket — all to be used as cleaning rags in the new home.

Pass the Canapes

Perfect with cold beverages are these Onion Canapes made by Mrs. Leo Lieb of St. Paul, Minn.

4 slices white bread into rounds with cookie cutter and toast in your gas oven. Peel and chop 2 golf ball size onions. Mix with 3 tsp. mayonnaise, 2 tsp. worcestershire sauce and 1/4 tsp. paprika. Butter the toast rounds and put a spoonful of the mix on each. Broil and remove when golden brown.

Quick Kitchen Trick

Save old butter wrappers for they furnish just enough butter to grease a cake pan before you flour it.

Ever Wondered About...

the words beneath my column "copyright 1957 by the Northern Natural Gas Company"? Who are they, and why do they bring me my column? Northern is the pipeline company that brings natural gas to your town, and your local gas company — the folks who bring it to you.

Tasty-Green Salad

Mrs. Clinton Cople recommends it: we tried it and love it! 1 pkg. lemon jello, 1 pkg. lime jello, 1 pt. hot water, 1 #2 can crushed pineapple, 1 cup chopped nuts, 1 1/2 oz. pkg. cottage cheese, 1/2 cup whipped cream, 1 cup salad dressing, and 1 tsp. horseradish. Dissolve jello in water; chill till slightly thick. Fold in other ingredients and chill in ring mold. Serve "whole" on large plate with greens. Beautiful!

No Food Acid Stains

To reduce danger of food acid stains on good china, run warm water over china just as soon as you've finished dinner. Makes for easier dishwashing, too.

Besides being one of the funniest of all the Kettle pictures, it serves to introduce a new Pa Kettle, in the person of Parker Fenelly.
