

Pony Rides, Popcorn, 'Sitters' Feature Allied's Family Picnic

Pony rides, with the line forming on the right all afternoon, 3,000 bags of popcorn, attendance of 1,250 persons and professional babysitting featured Allied Chemical's 2nd annual Family Day at Sokol Park Saturday.

The outing at the park about a quarter-mile from the plant was really an all-family day for the plant as all employees were able to attend. This included a small number of men on duty at the plant who had a lunch at tables set up in the plant and joined their families at the park later.

Besides munching on all that popcorn, the kids of all ages, managed to put away 4,500 bottles of pop. Kids and grown-ups lunched on fried chicken, potato salad, baked beans, combination salad, and relishes.

Then they had games with prizes, rides and contests and saw several performances of the Five Flying Dutchman, a clown group from Malvern, Ia.

Mother had the chance to enjoy herself as the babysitters watched infants for whom cribs were provided.

There were the usual lost youngsters, reunited with their families after announcements on a P.A. system, lots of fun and the most appreciated of all perfect weather.
