School News From Louisville

LOUISVILLE—The eighth grade has organized a Student Government Club, with Steven Gwinn serving as chairman of the rules committee.

The first grade made a short trip last week to observe the beaver dam that was the talk of the room for a couple of days. The field trip and two day's housing of a baby bird served as highlights in their week's activity which accompanied their class room work.

Some shrubbery was planted at the entrance of the grade school, compliments of the architects, Clark and Enersen, and another year should give it a chance to add significantly to the attractiveness of the driveway.

Almost every elementary room is now displaying new library books which have been provided through the money made available by the PTA last spring.

School Children Enjoy Ride In City Fire Truck

Friday morning the pupils of the first Ward School had a treat afforded them and a fitting climax to the Fire Prevention Week program.

They were guests of the Plattsmouth fire department on a ride on the fire truck for a short time, giving the youngsters a thrill that they will long remember. To fit them for the trip they were equipped with the regulation red firemen helmets provided by S. S. Davis for the Hartford Insurance Co.

Children from the third grade, Mary Ann Bauman, teacher and those of the fourth ward Miss Rosilee Meixall, teacher had the treat and also the kindergarten pupils of Julia Ann March who had a short spin up and down the streets.

Chief Joe Kruntorad was on hand to get the youngsters loaded and unloaded while Kenny Young was driver. It will be an event long remembered by the group.

In the afternoon the firemen completed the treat when the first grade pupils of Miss Jacqueline Maatsch and the second grade students of Miss Erdon Forrest were given the opportunity of enjoying seeing the city from a fire truck.

Tuesday if the weather permits it is expected to have the pupils of the St. John's parochial school taken for a short ride. The other schools of the city will be taken on in turns for the trip.

Mr. and Mrs. Frank Sheplear and daughter and Mr. and Mrs. Henry C. Blase of York, were breakfast guests of Mrs. Claude Colby Sunday.

A peddler's knowledge of vitamins

To sum it up... probably zero. The professional people who know about vitamins and nutritional supplements are doctors of medicine and registered pharmacists. The peddler's "knowledge" probably consists of a prepared sales talk which he memorized. Which may or may not give you all the facts. So, don't buy vitamins or nutritional supplements from door-to-door peddlers. Get them from a registered pharmacist who knows what he's selling—and gives you what you pay for.
