Bob Hope At His Best In "Beau James"

It takes a man of unique talents and tremendous color to capture the heart of a dynamic city like New York. Mayor Jimmy Walker, who ran the Big Town from a ringside table at the Central Park Casino in the Roaring Twenties, was such a man, and the film story of his life and times, "Beau James," which opens Sunday, Monday, and Tuesday, Oct. 27, 28, 29, at the Cass Theatre, is a motion picture magnificently equal to the man and to the era.

Sparked by Bob Hope's fine dramatic portrayal of the playboy-politician, the city affectionately called its night mayor, the Paramount filmization of Gene Fowler's celebrated biography brings to vivid life all the drama, doffiness and hoop-la of those unruly but never-to-be forgotten years.

Neither minimizing Walker's faults nor overdrawn his virtues, "Beau James" follows his story through the turbulent years in which he made almost daily headlines.
