BIG BILLS CAN BE A PROBLEM!

But this is no fish story. Big bills aren't cumbersome when they're handled right. Before contracting any large obligation, ask yourself these questions first:

1. How much will it cost me to finance this?
2. Is this obligation in line with my earning power?
3. Can I meet each payment promptly as it comes due?

"THANK YOU CHANCELLOR HARDIN"

"Ak-Sar-Ben was at least 10 years ahead of its time in envisioning the need for highly trained people to meet the world challenge," says Chancellor Clifford M. Hardin of the University of Nebraska.

Naturally, we are highly honored that the judgment of our Board of Governors in establishing the Ak-Sar-Ben scholarship program has met with the approval of so outstanding an educator as Chancellor Hardin.

Since 1946, hundreds of young Nebraskans have received university training in agriculture through the financial assistance of Ak-Sar-Ben. More than 100 scholarships and fellowships are maintained annually in the University of Nebraska College of Agriculture alone.

Thus, through advanced education, these young people are becoming better farmers and livestock growers, thereby insuring the future prosperity of our state.

This program has been made possible by revenues from thoroughbred racing.
