Connie's Column

by Constance Flame

Capitol Idea, Winter Project and Surprise Casserole

Your club or PTA group might give the school children in your community a lift by sponsoring a "Class Trip to the State Capitol". On a one-day visit, they'll learn a lot about their state government. Chances are, the school principal will be happy to cooperate with you. Set up plans to correspond with the Capitol's schedule and better send along several chaperons, so all duty doesn't fall on teacher.

Gas Takes a Bath

Bet you'd be surprised if you could hear Northern Natural Gas Company (the pipeline supplier who brings natural gas cross-country to your town and your local gas company) speak about "washing" gas! Natural gas is washed frequently, as it travels through other states to you. That's why your local gas company brings it to you so pure and clean. (Also why your home is cleaner when you use gas.)

Quick Casserole Surprise

Practically no work is involved in this favorite main-dish meal from Mrs. Gene Miner, Omaha, Nebraska: Combine 3/4 cup uncooked rice, 1 cup chopped celery, 1 large onion chopped, 1 can cream of mushroom soup, 2 soup-cans water, 1 lb. uncooked ground beef, 1 tsp. salt, and 3 Tbsp. soy sauce. Mix well; pour into large greased casserole. Bake 20 mins. at 400 degrees. Reduce heat to 375 degrees. Bake 45 mins. more. Serves 6.

Add-a-Room Idea

When home-maker representatives met for a "C o n g r e s s on Better Living", all agreed they would like a second bathroom in their home. Reminds me of some friends who recently turned a large closet into a tiny, compact "powder room" on their first floor. Good winter project, don't you agree?

Breakfast Tip

Having trouble with poached eggs that "separate" as they cook? Mrs. Norbert Schumer of Elsie, Nebraska, says a few drops of vinegar in the boiling water keeps the egg whites intact.

Connie
