4-H Members To Salute Parents

Nebraska's 4-H'ers will join hands with more than two million club members around the world in observance of 4-H Club Week March 1-8.

Theme for the week this year is "Salute to 4-H Parents," according to W. M. Antes, state leader of 4-H and Young Men and Women at the University of Nebraska.

"Parents play an important role in this large rural youth organization, both as volunteer leaders and in giving encouragement and assistance to members in their own families. Antes said.

"Adults who are concerned for the future of this generation in these critical times can do no better service than to encourage and assist the 4-H organization. They can do this by recognizing work well done; by making greater participation possible and by giving support to the local 4-H leaders who are helping the boys and girls of Nebraska in such an outstanding way.

4-H Club work is conducted by the Extension Service of each state agricultural college or university, in cooperation with the U.S. Department of Agriculture. This official Club Week poster is provided through the courtesy of Coats and Clark, Inc., New York.

ON THE JOB
...for you

DRIVE STARTS — The Cass County Chapter of the American Red Cross today began its annual fund drive, Chairman L. R. Starr said. A pre-drive meeting was held Friday night at Weeping Water to organize the drive.

Plattsmouth at Same Stage in Sewer Planning as Other Cities

Plattsmouth is at about the same stage in planning sewage disposal facilities as several other cities in the state, an engineer of the consulting firm which drew a set of preliminary plans for Plattsmouth's sewage treatment plant told the Rotary club Tuesday.

R. L. Reins of Henningson, Durham & Richardson, Omaha, said several cities are at the stage in planning at which they still have to acquire a plant site, decide how much they want to spend and how they're going to raise the money.

Plattsmouth has considered its disposal plant plans for some time, has had preliminary planning (the cost estimated by Reins' firm was \$200,000) and recently the mayor asked the Board of Public Works (which has jurisdiction over the water system) to take charge of the sewer system.

The board has given the mayor and City Council no official answer but the mayor said board members have said they believe the board should handle the sewers.

Reins said the \$200,000 cost estimate would include a plant of concrete construction, mechanical equipment, pumping facilities, land and fencing and control equipment.

Under a federal act, the federal government will participate in plant construction up to 30 per cent of the cost.

A club member asked whether federal participation places any higher standards on construction than a municipality may want to meet if it were constructing without federal aid.

Reins said "no," that engineering firms ordinarily use the State Dept. of Health standards as criteria in design. He said the Dept. of Health is the reviewing agency on standards.

Reins said he thought the entire sewage treatment program along the Missouri River valley in Nebraska is progressing, although he said downstream communities may be waiting for action to be taken upstream before going ahead themselves.

He said neither federal nor state authorities were "holding a gun at the head" of communities to get treatment facilities built.

A question also to be answered by each community is its own financing. The common method, Reins said, is to finance with a combination plan part revenue bonding paid by a sewer use fee based on water usage and part general obligation bonding paid by taxation.

Evelyn Wolph earlier received a 35-year leadership clover leaf pin.

Commissioners To Meet

The Cass County Board of Commissioners will meet Tuesday beginning about mid-morning. It's a regular meeting.

'57 Crop Grain Resealing Set

Ivan G. Althouse, chairman of the Cass County Agricultural Stabilization and Conservation Committee, has announced that a reseal program will be available to permit keeping farm stored 1957 crop corn, barley, oats and wheat on the farm, and also extending loans for another year on farm stored 1956 crop wheat and corn now under resale.

There will be no resale on 1957 crop milo.

Althouse said April 15 has been established as the last date on which the granting of the remains of a 1957 crop will be permitted on 1958 acreage reserve land.

Arrest Made for Tavern Burglary

Charges of breaking and entering were filed today against Leon N. Mink, 28, of Plattsmouth after he implicated himself in an early morning break-in Saturday at Tim's Tavern.

Mink was arrested by Sheriff Tom Solomon Saturday night in a tavern and later at the sheriff's office he gave a two-page confession concerning the break-in.

Inside he said he removed the cash from the register and left by the same way he entered and then hitch-hiked to Nebraska City. He returned to Plattsmouth about 7 a.m. Saturday morning, he said. Solomon said Mink's left hand was cut slightly by the broken door glass.

Sheriff's office records show Mink had been arrested on various charges. The most serious were on April 23, 1954, when he was placed on a 2-year probation out of the District Court of Cass County on a forgery charge.

April 29, 1956, when he received 3 months in the County Jail and a \$100 fine after pleading guilty to a "joyriding" charge filed against him in the County Court, and Oct. 11, 1956, again in District Court he received a 6-month jail sentence on a "no-account check" charge.

Mink entered a plea of "guilty" in County Court here this morning and was bound over to District Court. Bond was set at \$1,000.

Sears Waives Prelim Hearing In Burglary Case

Henry J. Sears, Danville, Ind., charged with breaking into Soenichsen's Store here Feb. 8, today asked that a preliminary hearing be waived and he was bound over to District Court. Sears is held in lieu of \$3,000 bond.

Saturday, Sheriff Tom Solomon received \$25 from an Iowa man whose car was used by Sears and Mike Simon, Omaha, the night of the break-in.

In their confessions, the men said they used the Iowa man's car without his permission but the following day they said they gave the man a top coat and \$25 taken from the store.

The coat had been returned to the sheriff earlier.

Louisville Has Village Caucus

LOUISVILLE (Special) — The village caucus Tuesday evening drew a fair crowd of about 25 or 30 people. Ward Brunson presided over the meeting and the clerk was Chris McGraw.

The following were named to be on the ballot for the village election April 1: John Jackman, Chauncey Woolhiser, Lloyd Braack, Richard Streeter, Charles Gaebel and Robert Larson.

For police judge, the names of William Kuhler and Richard Berner were selected.

7,541 Vehicle License Plates Sold Here

Cass County Treasurer, Mrs. Alice Jayne McShane today said 7,541 vehicle license plates were issued for the year of 1958 to date. This is about 50 sets less than were issued at this time last year.

Sheriff Tom Solomon advised that his office will begin a county-wide check on improperly licensed cars in the county. The sheriff stated a night check will be made of cars parked in villages and cities in Cass County and those bearing out of county plates will be ticketed and owners asked to report to the sheriff's office and explain.

Solomon said there may be 50 to a 100 vehicles improperly licensed in the county and their owners will be required to purchase county plates or face possible court action.

In past years, the sheriff said the public has cooperated very well in reporting violators, well knowing that persons purchasing their plates out of the county without legal reason are not paying their share of local taxes.

The two Nebraska laws concerning license plates which the sheriff will use as a guide in his enforcement are as follows:

60-305.01 A nonresident owner, except as otherwise provided in this section, owning any foreign vehicle which has been duly registered for the current calendar year in the state, country, or other place of which the owner is a resident, and which at all times, when operated in this state, has displayed upon it the number plate or plates issued for such vehicle in the place of residence of such owner, may operate or permit the operation of such vehicle within the state without registering such vehicle or paying any fees to this state, except that any nonresident owner gainfully employed in the State of Nebraska, operating a passenger car in this state, must obtain Nebraska license plates and pay the personal property tax, the same as a Nebraska resident, after thirty days of continuous employment, unless the state of his legal residence grants immunity of such fees to residents of our state operating a passenger car in that state.

60-302. Every owner of a motor vehicle shall, for each motor vehicle owned, except as otherwise expressly provided, make an application for registration on a blank furnished for that purpose by the county treasurer of the county in which the owner resides or is domiciled or conducts a bona fide business, or, if such owner is not a resident of this state, such application for registration shall be made to the county treasurer of the county in which such owner actually lives or conducts a bona fide business, except as otherwise expressly provided.

Mrs. Jennie Kumm had surgery at the St. Joseph hospital, Omaha, Feb. 12 and is getting along fine. She is in room 364.

Jury Term Here Ends

The February term of District Court here was completed when the last scheduled case was continued Friday until the next jury term, in September.

Of the 12 cases docketed for the February term, only two were tried.

The jury was dismissed.

MISSOURI MONSTER

The Missouri River here yielded the 51-pound yellow catfish held by Les Curtis, left and Gene Curtis, both of Plattsmouth. The men, fishing commercially netted the cat Thursday. While it was their biggest catch this season, it wasn't their biggest. They've caught cats up to 70 pounds. The average catch, the Curtises said, is of fish from one to 10 pounds each. They use a 5 by 200-foot net.

SPEECH WINNERS — Above are the winners in the Cass County 4-H public speaking competition held at Weeping Water Thursday. Jolene Spohn, 17, Elmwood, left, won first in the girls speaking, Herb M. Hill, 15, Louisville, first in the boys division and Mary Schmidt, Plattsmouth, second in the girls division. First place winners advance to the district speaking contest.
