Attorney Joe Guthmann Pays Visit To Aunt

The past week, Attorney Joe Guthmann of Santa Fe, N. M., was here to enjoy a few days visit with his aunt, Miss Minnie Guthmann, enroute home from Washington, D. C. Mr. Guthmann has been at Washington looking after matters in connection with the uranium interests in New Mexico.

One of the largest uranium mills in the world is located at Grant, N. M., and a great deal of the uranium deposits in the country have been located in the area and the mills have a great deal of demand on its products. This mill is capable of reducing seven tons of ore to four pounds of uranium and this in turn is reduced to a half pound of uranium for marketing.

There are many requests for this purified ore by many nations, particularly the South American countries and Japan for development of atomic power in their industries.

Guthmann has a deep interest in Cass County as it was the residence of his grandparents, Mr. and Mrs. F. R. Guthmann for many years and his father H. A. Guthmann was born here and later was in the banking business at Murdock where Joe was born.

With a declining farm population, increased interest is being shown in 4-H club projects suitable for urban boys and girls. Several species of poultry and other allied small animals are very adaptable to this type of 4-H endeavor.

WANTED — MAN OR WOMAN

We are looking for a reliable person in this area who is capable of handling a CONFECTIONERY AND HARD SHELL CANDY distributorship and will give accounts prompt courteous service. Product is nationally advertised, popular and is being sold in thousands of retail stores around the country. Repeat sales can be assured. This can be handled in SPARE TIME. Man or woman selected should have car. Previous experience not necessary. Fifty to one hundred accounts taken care of right and not neglected can earn distributor from \$150 up to \$400 SPARE TIME INCOME a month. If sincerely interested in a business of your own, write about yourself and give phone number. Write Broker No. 6, Dept. A., 1820 East 38th Street, Minneapolis 7, Minnesota.

Less than five per cent of broilers are grown by independent growers. Therefore, supply and demand no longer control this market.

Guthmann has a deep interest in Cass County as it was the residence of his grandparents, Mr. and Mrs. F. R. Guthmann for many years and his father H. A. Guthmann was born here and later was in the banking business at Murdock where Joe was born.

With a declining farm population, increased interest is being shown in 4-H club projects suitable for urban boys and girls. Several species of poultry and other allied small animals are very adaptable to this type of 4-H endeavor.
