

Track Practice Underway Here

Pheasant Loss Believed Light

The recent snow storm in some parts of Nebraska resulted in some pheasant loss, particularly in the areas of high winds, reports Lloyd P. Vance, game-division chief for the Nebraska Game Commission.

"It wasn't the amount of snow," Vance pointed out, "but the blowing snow that was responsible for the pheasant loss."

"The mild temperature and deep snow in some areas apparently did not effect survival. However, in areas where high winds occurred, some birds suffocated. Ice and snow clogged the mouths and nostrils. Some birds also were covered by deep snow drifts."

Preliminary reports, however, indicate the loss to be light.

Plattsmouth High School began track practice today even though the running track the squad will use (some day) at the athletic field was better suited for swimming.

Coach Cecil McKnight will work his squad indoors until he can take them out, working this week on callisthenics and wind developing.

McKnight hopes his squad has better luck with the weather than it did last year. The Blue Devil runners didn't get outside until April because of weather and track conditions.

And, because of the bad weather in past weeks, the coaches of other schools and directors of invitation meets have been holding back. McKnight doesn't have his schedule drawn yet although usually at this time of year dates are pretty well set.

There are some almost-ice-free valleys near the South Pole.

SPACE LAW URGED
ATLANTA, Ga. — The American Bar Association has been told that national sovereignty should end fifty-three miles up in the air. The law of outer space-whatever it is-would take over then.

John Cobb Cooper, a McGill University professor who is an expert on space law, says international control is the only practical answer. He also indicated that governments had already indicated some acceptance of the principle.

Martin, Draper, Shown, Leaders

Tom Martin, Jim Shown and J. C. Draper were leaders in the four big scoring departments for Plattsmouth High School the past basketball season.

Martin led in total points with 218 and average points per game with 10.4.

Draper set a new school field goal shooting record, by hitting 448 on 39 for 87. The old mark was 444, set by Stu Nielsen in 1955.

Shown was tops in free-throw accuracy with 696 on 32 out of 46. Close were Martin at 688, Ken Dasher at 639 and Bill Long at 625.

The school record is 704, set in 1955 by Terry Ernst. Long was second to Draper in field goal accuracy with 402. Martin was third with 395.

In total points, Larry Cundall was second with 187 and Shown third with 144, Ken Dasher with 125 and Long with 110 were others over the century mark.

No one came close to the school season's point mark of 324, set in 1952 by Stan Cole who coached the Reserves here the past season.

As a team, the Blue Devils shot field goals at a .287 clip for the season, 228 out of 795.

Noell, Marler Lead Reserve Cage Scoring

Roger Noell and Larry Marler were the big guns in the Plattsmouth High Reserve basketball offense the past season.

Noell led in total points with 140, Marler was tops in average with 8.4 and a close second in points with 134. Noell's average was 8.2.

Best shooter was Marler who had 384 in field-goal shooting. He also led in free-throwing with 621, followed by Jim Bulin with 615.

The team had an 8-8 season's mark but was outscored by its foes, 685 to 633, or an average advantage for its foes of 40.3 to 37.2.

Communist Germany is boosting industrial expansion.

Former Plattsmouth Baseball Star To Chicago Cubs

Dexter Zane Blanton, member of the Offutt Field Air Force, who was a member of the Offutt-Plattsmouth baseball team of last year will report to the Chicago Cubs spring training camp at Mesa, Ariz., March 16.

Blanton received his discharge this week from the air force and was immediately grabbed by the Cubs for a contract.

He will be assigned to the Burlington, Iowa, team for seasoning before being called to the big show.

When a player for Plattsmouth in the Platte Valley League last year, he was one of the outstanding players, hitting .371 and driving in 67 runs for the air force team. He also set a league record for 17 unassisted double plays.

RE-ENTRY OF ROCKETS

LONDON, England — The Moscow radio announced recently that the Soviet Union has solved the problem of returning rockets to earth and now was working on how to return experimental animals and instruments.

It said that even before the dog-carrying second artificial satellite was launched Nov. 3, Russian scientists had fired animals 130 miles high.

More than 120 entries have been received for the Midwest Market Hog Show at Fremont, March 15. The deadline for entering the show is March 8.
