First Machine Shed Designed For 4-row Equipment  
**"Poleframe" 722**  
 Doane Engineered With Wide Spacing Between Supports  
 32 Ft. Wide... With The Modern Low Bungalow Profile

• 10 Ft. head clearance at side openings...  
 13 1/2 Ft. at end door to handle self-propelled combines.  
 Here's the first machine shed actually designed for 4-row modern equipment. New Doane engineering in roof support provides high clearance with modern low profile—another Doane first in building design. The wide spacing between supports will hold 2 tractors side by side. Just drive in... with this new 32 ft. width shed you don't even have to unhook equipment. The 6 foot roof over-hang gives you extra sheltered area. Here's a real labor-saving building that can be put to work for you. Come in for complete details.
