**Uncomfortable days ahead... except for folks with AIR CONDITIONING!**

**SUMMER ISN'T OVER YET...** No matter how hot and humid the weather is outside, you can dial the cool refreshing temperature you want inside when you have electric air conditioning. But, electric air conditioning is more than just a retreat from the summer heat. It clears the room air of pollen, dirt, and dust—keeps it fresh as mountain air. It's the modern way to keep the family comfortable, healthy, and happy in any kind of weather—day or night. It will pay for itself many times over throughout the years in comfort and convenience.

Cool Cooking, Meat Spots and Seafood Treat

No reason for you to bake when you're baking cakes or breads in Summer! Bake in the convenience of the oven or the early morn. But even in hot weather, baking is a pleasure with today's modern gas range and its clock-controlled oven! You can shop, visit or just relax while your oven's at work in the kitchen. Just set the dials. The oven turns on and off automatically, right on time! It's time for you to see those new gas ranges... at your local gas company or neighborhood gas appliance dealer.

Savory Shellfish

Mmmm... you can almost smell that salty sea breeze when you serve this treat... **Mrs. A. C. Telford of 84 Louis Park, Minn.: Scald 1 pint frozen oysters (drain and reserve liquid). Heat 1 cup milk and 1/2 cup cream; add oyster liquid. Blend 2 Tbsp. melted butter with 3 Tbsp flour. Stir in hot liquid and cook (stirring often) till thick and smooth. Add 1/2 cup catsup, 1 tsp. Worcestershire sauce, 1/4 tsp. salt and 1/4 tsp. paprika. Add one small can crab meat and the scalded oysters. Serve hot on buttered toast or toasted crackers.**

**Oops... Dropped the Chop!** Cold water should be used to sponge away egg or meat spots from clothing, right away before the garment's laundered. If any stain stays after washing, sponge the spot with carbon tetrachloride. (WindoWS open, please... never in a closed-up room.)

**Better Breathing** One benefit of modern living we take for granted: The mammoth subway transportation systems called "pipelines" transport natural gas, erasing from our skies smokes and smudge caused by "raw fuels." These underground pipelines make our communities cleaner, keep the air purer, protect our health... and they bring us a miracle fuel for better living! Northern Natural Gas Company is the pipeline supplier who brings gas to your town... and your local gas company brings it to you.
