DISCIPLES OF CHRIST CHRISTIAN CHURCHES

Why Be Baptized?

One of a series of reports about the Christian Churches (Disciples of Christ), the largest religious body to originate in America.

MANY PEOPLE, including some Christians, wonder why the Christian Churches baptize all new members by immersion.

This is one of two ordinances which we believe the New Testament requires Christians to observe. Baptism is the act of obedience which symbolizes the dramatic change which comes to anyone who accepts Jesus Christ as his Saviour. It marks the washing away of an old life—the freshness of a new start.

Naturally, it has a historical beginning. Jesus himself was baptized in this way in the River Jordan. As we are baptized, we show our willingness to follow Him.

Immersion alone, of course, does not make anybody a Christian—that comes from a sincere decision to accept and follow Jesus. Baptism signifies that this has been done. There is a lift to the spirit in this historical ceremony, so that it is an important part of becoming a Christian.

The door to every Christian Church is open to you.

Joe's
on the job

DAY AND NIGHT

Meet a nice guy that's going places... often 'round the clock! His name may be Joe or Bill, and his job is keeping your electric service going without interruptions.

When Joe has to climb out of bed during a storm to repair the lines, it may be that there has been an interruption in power. His job is to locate the trouble and restore service to spare you the inconvenience of being without electricity. AND HE DOES!

Even in the middle of the night, Joe's usually a pretty cheerful guy. It's something we particularly like, and that is why we are glad we have so many men like Joe in our organization.
