## Summer Has Another Go!

Mother Nature with the aid of the mild season has played tricks at the farm home of Fritz Siemonick.  
Saturday Mr. Siemonick brought to the Journal office a small branch from an apple tree at their farm which bore 17 apples of the early summer variety for its second crop this year.  
While some of the apples were small and irregular in shape, others were formed perfectly. A Journal reporter sampled one of the larger apples and found it to be in "apple-pie order."
