Support Home Merchants

In the issue of the Journal are to be found the advertisements of many Platts-mouth merchants. These merchants are, through the medium of our paper, asking for your support.

We all realize that thousands of dollars go out of Cass County every year which should and could be spent in our community. It behooves all thinking people to consider this matter and keep as much of our money at home as possible.

The idea that the slogan, "Trade at Home," is the despairing cry of a dying community is absurd, although there are some citizens who classify it thus. Town-boosting is an art practiced by those live, wide-awake communities, made so by citizens who believe in their town and support their merchants.

The merchants of this county are not asking for, nor are they entitled to, "charity." If they do not offer goods at equal prices, quality considered, they certainly do not expect your trade. If a local purchaser will take into consideration the service that backs up a sale made by a local business house, the immediate delivery effected, the convenient terms often allowed, and the courteous consideration extended, it will be plain that "buying at home" has its advantages.

When you buy here, thereby creating a large demand, local merchants will be able to increase their stocks, thus offering a large variety which can compete with some of the stores in the larger cities. They cannot do this, however, until they have some assurance of general local support.

We call attention to the fact that a community, like an individual, cannot spend its money and keep it too, but a community made up of many people who spend their money at home, can spend that money time and time again, among its own people.

Down Memory Lane

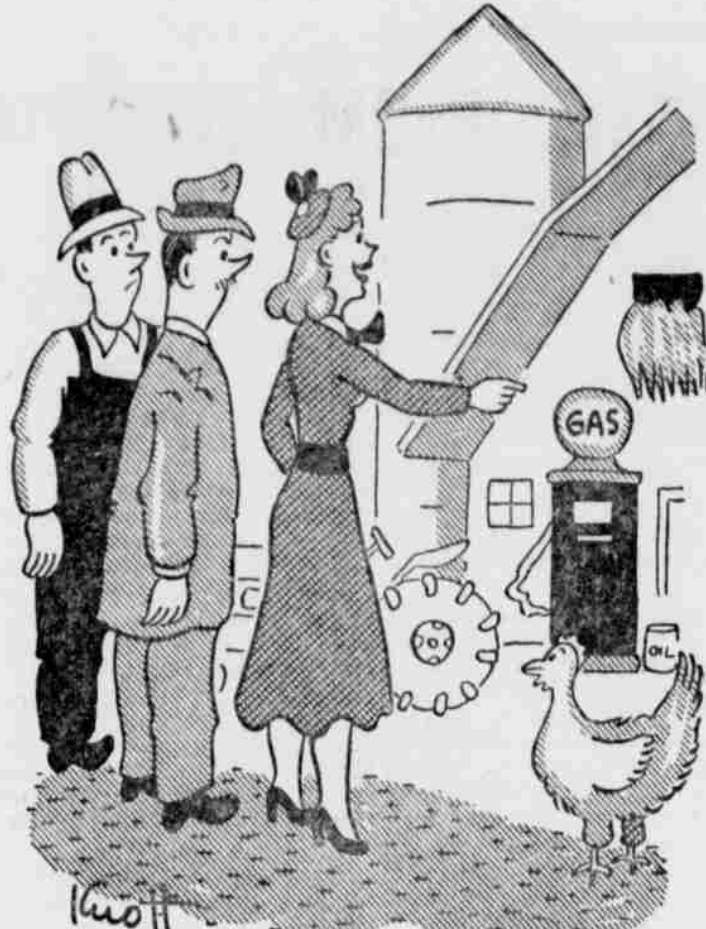

20 YEARS AGO

Fred P. Busch was elected as president of Platts-mouth Ad club, composed of owners and operators of business houses of the city. C. C. Wescott was named as vice-president and W. H. Puls treasurer. The Platts-mouth high school basketball quintet of 1939 has the distinction of having played together during their years in high school and since reaching the seventh grade. They entered the seventh grade in 1933 together Robert Hayes, Ronald Rebal, Warren Reed, John Tidball, Donald Wall. They comprised the first junior high basketball team, coached by Fred Rothert.

They were joined in 1936 by John Jacobs who is now a forward on the team. They have served under three coaches, Fred Rothert, H. Clark Boggess and Bion A. Hoffman. They have won the southeast tournament at Auburn and this season have lost only to Omaha Tech. — The Burlington Refrigerator Express Co. shops have resumed their activities after a shutdown since November. — The farm home of Emmett Rice near Murray was looted and left as bare as Mother Hubbard's cupboard, it was reported to the office of Sheriff Mra-sek. Mr. Rice had been living alone at the farm as the wife and children were in Platts-mouth during the school year and on Saturday he had come to Platts-mouth leaving the farm house empty of caretakers. He returned home Monday and found that the place had been cleaned out of clothing, blankets and food as well as a food grinder and several other articles. No trace has been found of the missing articles. — William P. O'Donnell Jr. has been laid up with injuries received when a gasoline stove at their home in the west part of the city exploded. Mr. O'Donnell was able to extinguish the blaze caused by the flames through the medium of wet towels. He is now back at his duties at Egenberger's store.

30 YEARS AGO

The board of county commissioners took up the matter of the cost of operating the county government for 1929. The estimate of the year is: General fund, \$50,000; bridge fund, \$50,000; road fund, \$55,000; mother's pension, \$5,500; soldier's relief, \$1,200. The amounts to be paid for road work was set: single hand, per hour, 30c; team, per hour 20c; man and team, per hour, 45c; ten foot drag or over round trip, per hour, 75c; Eighth foot drag per hour, 65c; under eight foot, per hour, 50c. — John Glaze while driving his car back from Omaha had a very close call from a serious if not fatal accident. He was driving along the highway near Fort Crook where the Burlington and Missouri Pacific tracks cross the highway and as a Burlington train was crossing at the time Mr. Glaze drove up and owing to the slippery condition of the highway he was unable to hold his car and the car swung around on the ice so a part of it struck the moving train which started to drag the car, but after a few feet the car was shoved away by the moving train. The train was stopped and the crew came back to find that the driver of the car was uninjured. — Leonard Lutz, local high school student while practicing basketball, had the one of the toes of the left foot broken. He is finding walking with a flat tire very painful. — Tommy Troop was taken ill at school at Nehawka with severe stomach cramps, being unable to secure a physician was taken to the telephone exchange where Mrs. Wolfe, operator secured a hot water bottle and soon had the young man feeling much better.
