The year 1959 marks the anniversary of 100 years of continuous operation by the M. K. Goetz Brewing Company in St. Joseph, Missouri.

We take great pride in this fact. But, even greater than this pride, is the deep sense of gratitude we feel toward those friends, customers and employees who have made this milestone possible.

It is traditional in our family, as well as in the Old World industry, to mark such an event with a special brew.

My grandfather, Michael Karl Goetz, took great pride in his Country Club Pilsener Beer—Famous For Its Flavor Since 1859. As a tribute to our founder, and for the pleasure of our customers and friends we have brewed this venerable product again just as he would have made it.

It promises you something traditional and yet something different. It will in no way displace any of our fine modern products, Goetz Beer, Country Club Malt Liquor and Goetz Pale Near Beer.

We invite you to try, and to enjoy Country Club Pilsener Beer just as your grandfather did in the pioneer days. With every sip we wish you good health and the same prosperity and happiness you have made possible for us.

Sincerely,
M. Karl Goetz
