On Sunday, February 8th, members of the Christian Church and other interested persons decided upon a plan to raise funds for repairs and some construction work on the church building. The quota to be raised over a period of twenty weeks will also enable the church to purchase a new organ for use in the worship services. Committees were appointed to contact those wishing to share in the project. It was suggested that a wonderful gesture is to give in honor of some one who has claimed this particular church as a place of worship. Any gifts great or small, help to make the church grow in beauty and be a help to our community.
