With March thaws and April showers ahead, maybe this will help: Hang a plastic shoe bag at your entrance, as a storage place for the family's rubbers and boots. This way the floor is free of wet footwear. It'll save you "wiping up" tasks.

PROTECTOR
When Spring fever hits, I get the urge to freshen things up freshen things up with paint. Here's a good tip to remember when you're painting (especially areas above your head): Cut a rubber ball in half.
