Now! Bleach safely, automatically in the new

MAYTAG AUTOMATIC WASHER with BLEACH DISPENSER

NO DILUTING...
Just add concentrated bleach through separate opening; bleach through automatic dispenser where it is automatically diluted at least four times before being introduced into the wash water. Eliminates pre-mixing forever.

PREVENTS DAMAGE TO FABRICS...
By providing automatic dilution and properly timed injection, Maytag prevents heavy concentrations of bleach from coming in contact with clothes. Gone forever are the holes in clothes, the weakened fibres, the uneven bleaching associated with strong liquid bleaches.

NO WAITING...
Maytag does the waiting for you. Maytag diluted bleach remains in dispenser until washer has filled and properly until starts. Bleach is then washing action starts. Bleach is then added slowly over a four minute period to provide uniform effective bleaching action and to insure cleaner, brighter and whiter clothing. Only Maytag provides this automatic delay.

NO HALF-HEARTED DETERGENTS...
Modern detergents contain brightening agents which are destroyed by liquid bleach when bleach and detergent are added to wash water at the same time. By delaying the introduction of bleach until after the washing action has started, Maytag preserves the full effectiveness of your detergent and clothes come out sparkling clean, white, and color bright wash after wash.

and MAYTAG lint-filter agitator gives cleaner, lint-free washings

<p>Maximum Lint Removal New full time filter is under water where all lint is, provides constant filtration. Lint is filtered out as water circulates through agitator. No pans or trays to get in the way.</p>	<p>Positive Detergent Distribution Detergent dispenser in agitator prevents damage to fabrics from undissolved detergent. Simply add detergent; circulating water dissolves it completely before contact with clothes.</p>	<p>Greater Washing Action Wash water circulated through the Filter Agitator is forced out through channels in the bottom to amplify normal agitation. Loosens even deep down dirt in seconds.</p>
