The girls are Ellen Stine, Idona Meredith, Cathy Stine, Kathleen Hartman, Brenda Hathaway, Linda Morton, Diane and Linda Hoback. Cathy Stine sang the solo part.

Miss Fife showed a film entitled, The Constant Quest. President Mrs. Francis Lechner announced the school picnic

**Burning Stalks And Stubble Is Not Recommended**

Moisture lost by burning off residues such as corn stalks and small grain stubble may make the difference between having a crop and not having one, states Harold Gilman, Extension conservationist at the University of Nebraska.

Due to favorable moisture supplies this spring, farmers may be over anxious to get into the field, Gilman says. However, the residues should not be burned off to allow the ground to dry out so farmers can begin field work.

Due to unpredictable weather conditions in Nebraska, farmers might be wishing for more moisture in the soil in a few months, Gilman pointed out. The moisture lost by burning residues then becomes a factor in crop production.

A mulch decreases wind and water erosion, evaporation, soil puddling and crusting of soil. It also increases the water intake of soil and helps to maintain and improve soil structure and tilth, Gilman says.

He adds that all these factors combined usually mean higher crop yields and more profits for the farmer.

Ken Carpenters were Mr. and Mrs. Charles Carpenter, Mr. and Mrs. A. L. Cumming and Joe Buback of Lincoln and Mrs. Nina Tennant of Carper, Wyo.

Mrs. Tennant is a cousin of Ken Carpenter and came back here to make funeral arrangements for her son and grandson who were in the Scribner 2 car accident recently.

**Green Glowers**

The Green Glowers 4-H Club met March 30 at the home of Kay Stolp, Gloria Hansen, the president, was in charge of the meeting. Each girl who is taking Let's Cook as her project answered the roll call by naming something she had cooked; the ones taking Let's Sew named some object used in sewing.

# Homemaking News Notes

Rural Life Sunday will be observed throughout the nation on May 3. This is the time when 4-H members have an opportunity to strengthen the "Heart H". Most churches are very willing to give emphasis to 4-H Club work during regular worship hours.

Any 4-H club that would like to observe Rural Life Sunday may request a copy of E. C. 0-49-2 "4-H Sunday" from the County Extension office for other suggestions.

A large number of Cass County Home Extension Club presidents enjoyed a day in Lincoln April 9 as guests of the Women's Division of the Lincoln Junior Chamber of Commerce.

Mrs. Clinton Westlake of Elmwood, the Cass County Home Extension Chairman, gave the response for all the club presidents attending a luncheon at the officers club at Lincoln Air Force Base.

Other activities of the day were a coffee and tour at the Governor's Mansion, a visit to the State Legislature and a bus tour of Lincoln Air Force Base.

"Your University Serves You" is the theme of the women's program for Feeders Day at the

College of Agriculture April 17. The program begins with a 9:30 coffee hour and features speakers, tours and entertainment.

The eggs and egg dishes you are featuring in family meals at this season when eggs are plentiful deserve the cooking to make them most appetizing. Follow these basic rules for best results:

Use low to moderate heat in cooking eggs. Too high heat or overcooking toughens egg texture. When making custards, sauces or other mixtures that call for combining liquid with egg, avoid curdling by adding the hot liquid gradually to the beaten egg—never the egg to the hot liquid.

Beaten egg whites hold their

foam better if a little lemon juice or cream of tartar is added before beating. To combine beaten egg whites with mixtures, fold—don't stir—using a light under-and-over motion. For omelets and souffles fold the heavy mixture into the beaten egg white—not the whites into the other mixtures. Don't over-mix or you will lose some of the air you have beaten into the egg whites.—Mrs. Nancy Sutton, Home Extension Agent.

In mid-February, the state of Michigan ran out of cash. A crisis was averted when Michigan industries paid some \$35,000,000 in taxes months ahead of the due date.

## Look at the world through a GOLD-COLORED glass to find finest quality in Beer!

You'll never again doubt there's a real difference in beers, if you'll do just this: Pour yourself a glass of COUNTRY CLUB Pilsener. Hold it to the light. Compare its rich, golden, true-beer color with the color of any other beer you can buy! It's like the difference between gold and straw.

Give

# COUNTRY CLUB

Pilsener Beer These Other Easy Tests

	Country Club Pilsener		The Beer you've been drinking
rich flavor	A traditional old world brew taste, with the delicate aroma of hops—yet no objectionable bite or tang. Country Club is real beer, as beer should be.	✓	?
full body and head	Country Club Pilsener is brewed with more and better quality malt than in general use today. This old original formula of Michael Karl Goetz gives a rich, creamy head that lasts and lasts. It laces the glass all the way down . . . as good beer traditionally should.	✓	?
make the PENCIL TEST	Ask your bartender to draw a glass of Country Club Pilsener. When the head of foam satisfies you, place an unsharpened pencil vertically in the center of glass. Amazing! Note the pencil stands straight—proof of Country Club's rich, creamy head, as compared with other beers. Try it . . . you'll sell yourself!	✓	?
