Most of the prescription doctors write today call for drugs that were unknown ten years ago. Many of them call for prescription products developed within recent months. We deem it an important part of our professional responsibility to keep abreast of the advances in medicine and to stock the newest prescription products just as soon as they are available. Because of this practice, we are able to fill prescriptions immediately. That is why doctors so often say — "FELDHOUSEN'S WILL BE ABLE TO FILL THIS."
