Council OKs Cancellation Of Assessment

The City Council Wednesday night authorized the city attorney or county attorney to stipulate that long-standing special assessment against two properties be cancelled.

The properties of Ike Cochlin and Fred Toman are involved in a tax foreclosure case in District Court because owners declined to pay special assessments for a sanitary sewer installed in 1953 because they were already on a sanitary sewer and would not use or be benefited by the 1953 sewer.

No adjustment of the assessments was made by the Board of Adjustment and Equalization at the time assessments were made.

Wednesday night's motion said court costs should be paid by the property owners.

Cochlin and his attorney, J. Howard Davis, appeared at the Council meeting to ask cancellation of the assessment. Toman and his attorney, Francis Casey, had appeared at an earlier meeting. Toman had been granted the same action but the two were included in one motion Wednesday for expediency.

Ordinances on Liquor Licenses, Boundaries Passed

The City Council Wednesday night passed ordinances increasing the number of Class C liquor licenses permitted here from seven to eight and changing the boundaries in which licenses can be issued.

Limits for Class A beer licenses (2) and Class D licenses (1) remain the same. Limitations do not apply to bona fide veterans organizations or service clubs not organized for profit. The City Council reserves the right to determine the nature of such organizations.

Boundaries for licensing were changed by adding the half-block in which Alexander's Bar is situated on South 5th Street and Winterset Addition south of Cemetery Road this side of the new highway by-pass.

MAYTAG Automatic Washer with the new Bleach Dispenser

MAYTAG MOST SERVICE - FREE AUTOMATIC WASHER MADE
Try One FREE Today Right In Your Own Home

No waiting or diluting. Maytag does both jobs for you. Just add concentrated bleach through dispenser opening. Bleach remains in dispenser until washer has filled and washing action starts, and is automatically diluted before being introduced into the wash water. After washing action starts, bleach is added slowly to provide uniform bleaching action. Only Maytag provides this automatic delay and pre-dilution. No bleach damage to clothes. By providing automatic dilution and properly timed injection, Maytag prevents heavy concentrations of bleach from coming in contact with clothes. Gone forever are the holes in clothes, the weakened fibers, the uneven bleaching associated with strong liquid bleaches. No half-hearted detergents. Modern detergents contain brightening agents which are destroyed by liquid bleach when bleach and detergents are added to wash water at the same time. By delaying the introduction of bleach until after the washing action has started, Maytag preserves the full effectiveness of your detergent and clothes come out sparkling clean, white, and color bright, wash after wash after wash.
