

'Let August Traffic Record Be Warning for the Weekend!'

Colonel Sanders of the Nebraska Safety Patrol calls attention to the staggering traffic toll on Nebraska's streets and highways during August while appealing to the motoring public to cooperate in keeping the Labor Day weekend free from accident experience.

He notes that the traffic deaths recorded during August tied with the same month of 1951 as the most deadly in Nebraska's traffic history. He notes too, that the victims ranged in age from six months to more than 75 and almost every type of accident was included—multiple vehicle, and farm tractor.

"One thing common in almost every case was illegal or thoughtless or careless operation of the vehicle involved."

"The patrol is grateful for the manner in which attention has been focused on the seriousness of the traffic accident problem by the press, radio and television and for the widespread interest displayed at the recent Governor's traffic safety conference. Such continued interest and support will help to promote the thought that traffic accident prevention is a responsibility that every driver assumes when ever he gets behind the wheel."

Labor Day marks the last of the summer's long holiday weeks which, coupled with the opening of the State Fair, is sure to bring unusually heavy traffic to the highways. The careful, courteous, law abiding driver will be put to the test to prove his ability to drive safely this weekend.

"At the same time," the Colonel warns, "the Patrol will make every effort to protect the innocent from the ravages of the reckless driver who takes chances in passing, exceeds the speed limits, disregards stop signs and right-of-way regulations or in any way endangers any person."

"The three day weekend will see every member of the Patrol

put in more hours than the average worker does in a week. Radar and air craft patrolling will be used as much as possible to detect the irresponsible driver who is unmindful of his own safety and who threatens the welfare of others."

Sanders concludes "Because illegal behavior is a contributing factor in most traffic accidents and because of the additional hazard created by heavy traffic as is expected this weekend, enforcement will be stepped-up to a degree never before experienced on Nebraska's highways in a sincere effort to provide maximum service and protection to the public."

Burlington Veteran Now Is Retired

Veteran employees of the Burlington railroad in this city will be interested in learning that Samuel L. Fee, operating vice-president of the railroad and one time general superintendent of the railroad, retired from active duty on September 1st. He served the Burlington for a period of fifty years.

He entered his service with the railroad as station helper at the Knoxville, Iowa, station in 1905. He served general manager of the lines west at Omaha in 1938.

"Woman Obsessed" Coming Sunday To The Cass

The original "Lonesome Pine" which was used by famed director Henry Hathaway 25 years ago when he filmed his great classic, "The Trail of the Lonesome Pine," makes a comeback in his current film, "Woman Obsessed," starring current Academy Award winner "best actress," Susan Hayward.

And, Director Hathaway's friend, Richard Talmadge, dean of Hollywood stunt men and a great producer-star of the silent film era, runs a wagon under the tree in an action scene from the outdoor romance-adventure story.

"Woman Obsessed," produced and written by Sydney Boehm, co-stars Stephen Boyd and Barbara Nichols. The film opens Sun., Mon., Tues., Sept. 6-7-8 at the Cass Theatre.

PHS Grid Squad, Now 55, Is Making 'Good Progress'

Plattsmouth High's football squad is making "good progress" toward its opener Sept. 11 at Tecumseh. Coach Bill Hawkins said today.

He's working with a squad of 55 and there's scrimmaging for at least a half-hour every day as serious business has been the order of the day for several days already.

Hawkins has only nine lettermen of last year back but he's satisfied with the way the squad has come along so far.

Lettermen are seniors, Jim Shown 2 letters, Roger Noel 2, Albert Dasher 3, Larry Christenson and Paul Anderson; and juniors, John Carr, Galen Pritchard, Jim Stewart and Dave Wilson.

Others are coming along fast and will challenge them for positions, Hawkins believes.

The coach has been working a lot with Stewart, quarterback who showed up well as a sophomore last year. Stewart will do the passing.

Others on the squad, not previously mentioned, are: senior, Francis Lebens; juniors, Harold Austin, Richard Martin, Ed Lancaster, Robert Reade, Alan Hansen, David Hohman, Bill Senf, Ronald Tilsen, Larry To-

thaker, Ronald Williams, Dave Waterman.

Sophomores, Jerry Vetter, Sam Pierce, Emery Green, Albert Konfrst, Fred Shepard, Jim Shipley, Joe Toman.

Freshmen, Roger Beverage, Larry Cadwell, Gene Noel, David Nettleman, Joe Rizzi, Roger Roberts, Gary Deen, Tom Dillon Norman Felton, Ken Hostetter, Dennis Horn, Delbert McDaniel, Ken Nuzum, Gary Peterson, Arthur Rains, Robert Russell, Dan Schultz, Robert Weddle and Robert Whelan.

Bobcats, Prairie Dogs in Exhibit At State Fair

LINCOLN—Furtive bobcats, prairie dogs from dogtown, and majestic sand hill cranes will headline the attractions at the Game Commission's enlarged exhibit during State Fair week, September 5 to 11.

Supplementing those species in the Commission's "largest State Fair show" will be mule and white-tailed deer (including fawns), wild duck like mallards, pintails, blue-winged teal, and Canadian honkers mingling with Blue geese, a coyote with two pups, badgers, racoon, muskrat, whites and coturnix quail.

For the anglers, a special fish display will allow them to show their friends and relatives some of the fish they claim "that got away from them." Lumbering catfish, carp, buffalo, trout (rainbow and browns), garfish, bowfin perch, fresh-water drum and sturgeon will roam the glassy-clean waters.

In the past years, hundreds of native and exotic fish will be exhibited in the newly painted fish building. The big display tank will hold ponderous paddlefish and 15 assorted turtles, while the water runs will contain the game fish.

New attractions in the Game Commission outdoor area will be two more multicolored circular display pens, new side-walks, an extended picnic area featuring gaily painted tables, and a shotgun range at which hunters will be given an opportunity to "size up" their birds and talk shop with shooting experts.

In addition the Fair will be staffed with some of the most competent experts in many fields of outdoor activities. These experts will answer any question a visitor may propound about his favorite sport. All Game Commission units are open to the public without charge.

Redwood Log Scheduled To Pass Through

Residents here will have a chance to see a Redwood log "in the flesh" when an educational exhibit about Redwood rolls through here Friday, Sept. 4 at 8:45 a.m. It is scheduled to pass through Union at 9:15 a.m. The log is mounted on a special truck and trailer, making a round-the-nation tour. Rated by its owners, Georgia-Pacific Corporation, as a "small" Redwood log they believe it will still be impressive to see.

It is eight feet in diameter, 20 feet long, over 1,500 years old and was cut from a tree more than 250 feet tall. The wood products concern said it cannot place a really big Redwood log on tour because of highway weight and height restrictions. Large Redwood logs cannot be placed on a truck whole but must be quartered in the woods before they can be loaded, G-P says.

The log will pass here on the final leg of its national tour which will continue for the remainder of this year. It started at Samoa, California in March, 1958, and has been viewed by over nine million people across the nation. In many places school classes have lined the streets to watch the log pass.

With it are special displays showing the history and special properties of Redwood, its manufacture into lumber products and a description of Georgia-Pacific Corporation. G-P is one of the largest wood products and timber concerns in the nation.
