Junior Class Play Here Friday at 8

The play, "Decision on Ramey Scott," will be presented by the Junior Class Friday, Nov. 13, at 8 p. m. at the High School Auditorium.

In the cast are Kenneth Price, Carolyn Gerds, Marilyn Morris, Susan Lebens, Shirley Foster, Neil Cole, Sandra Spangler, Suzanne Murdock, Larry Thothaker, Karen Kiel, Gary Jenkins, Janelle Meisinger, Judy Armstrong, Albert Wetenskap, Alan Hansen and Pat O'Farrell.

Ramey Scott is a friendless, lonely new girl in school. Miss Webster, a sympathetic teacher, tries to help Ramey by asking the popular student council president, Ellie Parks, to appoint Ramey as a member of the senior class ring committee.

This is done, though corridor gossip has it that Ramey stole a wrist watch from her locker partner. Ramey denies this, then announces the loss of a valuable brooch, a statement doubted by almost everyone.

This is the situation when Miss Call, an ambitious newspaperwoman, arrives to do a series of articles on the high school. Miss Call hopes to make her story sensational enough to sell to one of the big national magazines, thus furthering her own career.

Fuel for Miss Call's ambition thus up unexpectedly at the meeting of the class ring committee, when a valuable diamond ring disappears and is recovered only when the thief can return it in a darkened room and remain unknown.

The last act becomes a courtroom - like scene conducted by Miss Call in an attempt to prove that one of the students was one of the thief.

Miss Webster opposes the mock trial and the persecution tactics which are employed, for she wants the students to realize the danger of preconceived conviction.

Two Plattsmouth youths who were committed from Cass County to the Boys Training School at Kearney recently still are at large, listed as escapees. The boys left the institution on Nov. 5 and were traced as far as Stuttgart, Kan.

Property Owners 2-1 Against Sewer

Residents of Lincoln Avenue are 2 to 1 against installation of a sanitary sewer at this time, a canvass of properties which would have been affected by a proposed sewer showed.

Results of the canvass were reported to the City Council Monday night at its regular meeting.

Persons owning 5,934 front feet of property on the Avenue were opposed to the sewer and signed a petition of objection. Persons favoring the sewer had 2,908 front feet of property.

State law provides that when 50 per cent or more of the front footage to be affected is owned by persons petitioning against a lateral sewer, a sewer district shall not be formed.

Monday night, the council accepted the report of the canvass and moved to suspend further action on a resolution of necessity for the sewer.

The sewer had been proposed by Andrew Epperson, developer of Ideal Heights, a residential subdivision just this side of the CPPD sub-station.

A hearing on the proposal was held Nov. 2 but continued to Monday night to allow time for an official check of the front footage involved.
