## THE THUNDERBIRD OF THE LOW-PRICE FIELD

Take a good look. Then, check the rest of the field . . . particularly the bottom-of-the-line cars in the medium-priced class that begin to approach the Galaxie's low price.  
You'll see that no other luxury car even comes close to matching the Galaxie for Thunderbird looks and "go," in-car elegance and comfort, and low Ford price.  
The Galaxies were a hit right from their

introduction. Those earlier models are the hottest items on the used car lots. That's your assurance that today's Galaxie will be tomorrow's best resale.

We'll be happy to talk terms and trade-in with you. And if you want to know all about the Galaxie, take a spin around the neighborhood.

Come see us about the Galaxie — the car that's long on Thunderbird and low on price.
