Choice Quality — Grain Fed
MINNESOTA HOLSTEIN SPRINGER HEIFERS

C.H.V. AND T.B. TESTED — CAN GO ANYWHERE IN THE U.S.A.

NIGHT SALE — STARTING AT 8 P.M.

WEDNESDAY, OCT. 26, 1960

THESE HEIFERS — GRAIN FED AND CARRY TOP MILK COW FLESH

I purchased 230 head of these heifers, when they weighed about 300 lbs. They came from better herds of Minnesota. On Jan. 25, 1960 I put 4 good Angus bulls with these heifers. This offering is the first to get with calf. Should have few fresh by sale date, balance should freshen in next thirty days.

Mr. Louie Hagedorn of the Spencer, Ia. Dairy Exchange was here to see these heifers and said, they were the best set of heifers he had seen this year, with good udders and top flesh. This man handles from 12,000 to

15,000 dairy cattle per year. You can call him at Phone 95, Spencer, Ia. and he will tell you about these heifers.

These heifers are carrying a lot of flesh and could be shipped a long distance and will look good when they get there. This is as good set of heifers as you will have opportunity to buy this year.

I rent Plattsmouth Sale Barn and have my own sale, because I do not have accommodations on the farm.

These heifers will be moved, Sunday Oct. 23 to Sale Barn.
